

Yearly Status Report - 2019-2020

Part A

Data of the Institution

1. Name of the Institution	KESHAV MEMORIAL INSTITUTE OF TECHNOLOGY
Name of the head of the Institution	MAHESHWAR DUTTA
Designation	Principal
Does the Institution function from own campus	Yes
Phone no/Alternate Phone no.	040-23261407
Mobile no.	9849103666
Registered Email	abhishek.ganu@kmit.in
Alternate Email	principal@kmit.in
Address	3-5-1026, Narayanaguda
City/Town	HYDERABAD
State/UT	Telangana
Pincode	500029

2. Institutional Status

Affiliated / Constituent	Affiliated
Type of Institution	Co-education
Location	Urban
Financial Status	Self financed
Name of the IQAC co-ordinator/Director	Dr. J V S SRINIVAS
Phone no/Alternate Phone no.	04023261407
Mobile no.	9849966899
Registered Email	srinivas@kmit.in
Alternate Email	srinivasjvs@gmail.com

3. Website Address

Web-link of the AQAR: (Previous Academic Year)	https://kmit.in/iqac/iqac.php
4. Whether Academic Calendar prepared during the year	No

5. Accreditation Details

Cycle	Grade	CGPA	Year of Accreditation	Validity	
				Period From	Period To
1	A	3.06	2020	08-Jan-2020	07-Jan-2025

6. Date of Establishment of IQAC	02-Jun-2013
---	--------------------

7. Internal Quality Assurance System

Quality initiatives by IQAC during the year for promoting quality culture		
Item /Title of the quality initiative by IQAC	Date & Duration	Number of participants/ beneficiaries
No Data Entered/Not Applicable!!!		
View File		

8. Provide the list of funds by Central/ State Government- UGC/CSIR/DST/DBT/ICMR/TEQIP/World Bank/CPE of UGC etc.

Institution/Department/Faculty	Scheme	Funding Agency	Year of award with duration	Amount
No Data Entered/Not Applicable!!!				
No Files Uploaded !!!				
9. Whether composition of IQAC as per latest NAAC guidelines:			Yes	
Upload latest notification of formation of IQAC			View File	
10. Number of IQAC meetings held during the year :			2	
The minutes of IQAC meeting and compliances to the decisions have been uploaded on the institutional website			Yes	
Upload the minutes of meeting and action taken report			View File	
11. Whether IQAC received funding from any of the funding agency to support its activities during the year?			No	
12. Significant contributions made by IQAC during the current year(maximum five bullets)				
1. Suggestions given to improve the Implementation of issues related to Trishul Programs, SONET programs and Finishing school activities. 2. Recommended to Increase the number of students into Finishing school activity. 3. Reviewed the new courses introduced during 201819. Suggested to replace some of the existing courses with the courses based on new emerging technologies.				
No Files Uploaded !!!				
13. Plan of action chalked out by the IQAC in the beginning of the academic year towards Quality Enhancement and outcome achieved by the end of the academic year				
Plan of Action			Achievements/Outcomes	
Applying for RD projects.			Obtained the BIRAC project	
View File				
14. Whether AQAR was placed before statutory body ?			No	
15. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to assess the functioning ?			Yes	

Date of Visit	21-Nov-2019
16. Whether institutional data submitted to AISHE:	Yes
Year of Submission	2020
Date of Submission	29-Jan-2020
17. Does the Institution have Management Information System ?	No

Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

KESHAV MEMORIAL INSTITUTE OF TECHNOLOGY, KMIT, is an institute of strong repute in the state of Telangana. The institute is affiliated to JNTUH. KMIT as it is popularly called, is a self financing institute, follows the curriculum designed by the University. The institute has departments of CSE, ECE, IT, EIE based on the core specialization and CSE(Data Science),CSE(Artificial Intelligence and Machine Learning) new courses introduced in the A.Y 2019-20 but the departments work together to achieve the vision and mission of the institute. Effective curriculum delivery is ensured through a process as given below:

- Advance planning of academic activities.
- Formulation of objective driven teaching plan.
- Preparation of adequate learning materials.
- Maintenance of course files by faculty and documented as follows

For each course, a course file is prepared by the concerned faculty. The course file consists of following items.

- ? Course Syllabus ? Course Outcomes ? Lesson Plan ? Topics Beyond Syllabus ? Web References ? Lecture notes ? Power point presentations / Videos ? University Question papers ? Internal Question papers with Key ? Assignment Question ? Slip test / Surprise test Questions ? MCQs ? Tutorial evidence ? Result Analysis to identify Weak and advanced learners ? Course Assessment ? Guest talks, field visits etc. ? Attendance register ? Course file (Digital form) • Mentor system to monitor and resolve problems related both academic growth and personal of students. • Periodic review of teaching-learning process by the Principal. • Lecture based interactive learning consists of Lecture method and Interactive learning, Projectbased learning and Computer assisted learning. • Passive Learning through online course material and videos. Active Virtual Learning through TeleUniv: www.teleuniv.com (<http://www.teleuniv.com>). A Technology Leveraging programme – TeleUniv is a replacement for the traditional “Chalk and Talk” method of teaching at its best. It is an engaging and immersive platform, which revolutionizes the digital space by providing a unique interactive mode of delivery. The TeleUniv has been offering various courses as mentioned below

Courses • Big Data Certification with hadoop & java • Big Data Specialization • My SQL • Data Science With R • Data Science with Python • JAVA (OCJP) • Hadoop Ecosystem • Spark with scala • Smart Classrooms through SANJAY app having features :Attendance,Class performance ,Live Class Room, Time Table, Events &News, JNTU Results, Notifications etc. • Methodologies to support weak students /slow learners (Remedial Classes) and encourage bright students •

Quality of classroom teaching • Conduct of Experiments with Continuous assessment system • Continuous real time assessment in Laboratory through LMS (college has its own LMS named Tessalator) • Student feedback of teaching learning process and action taken and documented. • Daily Drip using LMS (Tesslator) through this continues assessment in short time is possible. • Systematic examination process with regular updates to parents through SANJAYA App. • Guest lectures, seminars, internships and training programs. • Refresher Courses, workshops and FDPs to upgrade faculty's skills. • More than 60% of full time teachers have participated as members

1.1.2 – Certificate/ Diploma Courses introduced during the academic year

Certificate	Diploma Courses	Dates of Introduction	Duration	Focus on employ ability/entreprene urship	Skill Development
BUSINESS ENGLISH CERTIFICATE COURSE	-	02/07/2019	40	employabil ity	-
DeepLearning NPTEL	-	02/01/2020	56	employabil ity	skill development
The Joy of Computing using Python NPTEL	-	03/07/2019	140	employabil ity	skill development
Mean Stack	-	09/07/2019	30	employabil ity	skill development
Block Chain	-	09/07/2019	56	employabil ity	skill development
Ethical Hacking	-	16/07/2019	56	employabil ity	skill development
PRACTICAL MACHINE LEARNING WITH TENSORFLOW	-	09/10/2019	56	employabil ity	skill development
Parallel Programming	-	11/09/2019	28	employabil ity	skill development
python for data science	-	02/10/2019	28	employabil ity	skill development
Blockchain Architecture Design and Use Cases NPTEL	-	09/07/2019	84	employabil ity	skill development
Introduction to Internet of Things NPTEL	-	10/09/2019	140	employabil ity	skill development
Introduction to Machine	-	10/12/2019	140	employabil ity	skill development

1.2 – Academic Flexibility

1.2.1 – New programmes/courses introduced during the academic year

Programme/Course	Programme Specialization	Dates of Introduction
No Data Entered/Not Applicable !!!		
View File		

1.2.2 – Programmes in which Choice Based Credit System (CBCS)/Elective course system implemented at the affiliated Colleges (if applicable) during the academic year.

Name of programmes adopting CBCS	Programme Specialization	Date of implementation of CBCS/Elective Course System
BTech	CSE	01/06/2019
BTech	IT	01/06/2019
BTech	ECE	01/06/2019
BTech	EIE	01/06/2019

1.2.3 – Students enrolled in Certificate/ Diploma Courses introduced during the year

	Certificate	Diploma Course
Number of Students	3625	Nil

1.3 – Curriculum Enrichment

1.3.1 – Value-added courses imparting transferable and life skills offered during the year

Value Added Courses	Date of Introduction	Number of Students Enrolled
No Data Entered/Not Applicable !!!		
View File		

1.3.2 – Field Projects / Internships under taken during the year

Project/Programme Title	Programme Specialization	No. of students enrolled for Field Projects / Internships
BTech	CSE	405
BTech	IT	157
BTech	ECE	24
BTech	EIE	12

1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?
(maximum 500 words)

Feedback Obtained

The Feedback Collection Process and Analysis: Feedback will be taken from stakeholders (Students, Teachers, Employers, Alumni, Parents) and compiled and based on the feedback satisfaction level the actions will be taken. Feedback covers the below mentioned areas: a) Process Flow b) Percentage of participation c) Analysis d) Basis of Reward corrective Measures e) Indices Used f) Summary of Index values g) Number of corrective Measures Taken. To Further Improve the Feedback system, we have now automated all feedback systems, we have moved from hardcopy to Software based feedback system analysis. This is more efficient, fast and transparent. Feedback from Existing Students on faculty Process: Student feedback is a rich and valuable source of information for both formative and summative purposes. The management used to distribute sheets/forms, Collect them, analyse and share feedback with individual faculty for corrective measures. The college has designed a feedback system to improve the Quality Frame work Enhancement to match with our college outcome like POs, PSOs, PEOs, COs. The student feedback is a key component for providing summative evidence for staff promotion, probation and awards, and for internal and external quality assurance reporting requirements. The college uses two different ways for collecting the Stake holders Feedback. We are here furnishing the Student feedback system as example. 1. Informal (Coffee with KMIT) 2. Formal (paper based) 1. Informal: COFFEE with KMIT. • The Management interacts with the students and discuss various issues like infrastructure, laboratory, faculty, cocurricular activities, sport and cultural activities, etc or any other point student want to bring notice to management. • Every student gets an opportunity to speak and give their feedback. • Typically a session lasts for two hours. • This process is same for all the four years and at least twice in a semester. • Based on the feedback given by the students corrective measures are discussed by the Director with the concerned Head of the Departments. • An action plan is drawn and remedial steps are taken to redress the student's grievances. • Process Flow for Coffee with KMIT: 2. Formal: A Standard paper based FEEDBACK Methods of obtaining student feedback is structured in an numerical summary of the distribution of student ratings for each question (on a fivepoint scale). • Copies of student feedback are distributed to mark the Rating • The data of the feedback is entered in to a Faculty feedback system and analyzed a Sheet is maintained to record the responses of the feedback. • Each faculty is called by HOD and the student feedback is shared with them. • The feedback from the students is taken in to account while assessing yearly performance. Process Flow for Student Feedback: Percentage of students' participation : No. of feedback Parameters: 15 Overall Rating levels: 5 Space for descriptive feedback/suggestions: Yes Frequency of feedback collection: Twice in a semester Feedback collection: Hard-copy Avg. percentage of students who participate: 98 Student Feedback Analysis Process and summary of index values: The HOD, Principal and Management analyze the feedback. A separate Excel

CRITERION II – TEACHING- LEARNING AND EVALUATION

2.1 – Student Enrolment and Profile

2.1.1 – Demand Ratio during the year

Name of the Programme	Programme Specialization	Number of seats available	Number of Application received	Students Enrolled
BTech	CSE	420	500	420
BTech	IT	120	140	120

BTech	ECE	120	130	120
BTech	EIE	60	62	60
View File				

2.2 – Catering to Student Diversity

2.2.1 – Student - Full time teacher ratio (current year data)

Year	Number of students enrolled in the institution (UG)	Number of students enrolled in the institution (PG)	Number of fulltime teachers available in the institution teaching only UG courses	Number of fulltime teachers available in the institution teaching only PG courses	Number of teachers teaching both UG and PG courses
2019	720	Nil	157	Nil	157

2.3 – Teaching - Learning Process

2.3.1 – Percentage of teachers using ICT for effective teaching with Learning Management Systems (LMS), E-learning resources etc. (current year data)

Number of Teachers on Roll	Number of teachers using ICT (LMS, e-Resources)	ICT Tools and resources available	Number of ICT enabled Classrooms	Number of smart classrooms	E-resources and techniques used
157	157	90	36	36	36

[View File of ICT Tools and resources](#)

[View File of E-resources and techniques used](#)

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

KMIT has implementing systematic and effective mentoring system consists of 1. Type of Mentoring : Professional Guidance Career Advancement Mentor : Career guidance, Training Placement Committee members and Head of the Department Details of Mentoring : Professional Guidance is given to students from 3rd year. A committee is formed for the same and the details are as follows: Members of the Committee Members Efficacy Mentoring helps the student to choose better jobs in reputed MNC companies like Kony Labs, Virtusa etc.helps the students to get into better universities like University of Texas, West Virginia University, San Jose State University etc.: 2. Type of Mentoring : Course Work Specific Lab Specific Mentor : Faculty Members Details of Mentoring : Activities of Faculty Members are as follow: 1. Encourage students to discuss their ideas. 2. Turn potential college dropouts into potential college students. 3. Encourage students to try new techniques and expand their skills. 4. Reassure students of their skills and abilities to succeed. 5. Keeps a track of student's performance in internal and external examinations, assignment submissions, record works and lab performance to name a few. 6. Takes regular feedbacks about syllabus coverage of all classes to gauge student attentiveness and understanding. 7. Takes feedback from other faculty about the progress of students in all subjects. 8. Takes feedback from lab faculty for performance in labs. 9. The mentor monitors student's attendance sends SMS and calls up parents as and when necessary. 10. Motivates to learn new technologies delivered as part of TRISHUL programs. 11. Encourages and guides students to develop simple projects on the new acquired skills. 12. Tracks performance in these extra programs and periodically communicates it to students and their parents as well. 13. For Final year students counsels them for getting a dream job in companies that visit the college for recruitment. 14. If the student is keen for higher studies then guides him/her in choosing a path like MS, MBA etc. 15. Encourages the students in Co-curricular activities, sports etc. and their performances is also tracked. 16. Koffee@KMIT: The management also meets students randomly for an informal interaction with students for feedbacks regarding anything and everything i Efficacy Mentoring improved the performance of students in examinations as well as in lab programming. It also helps the student to participate actively in sports, extra-curricular activities and so on. It is found that Mentoring system in college is very effective for student in developing their career and personality 3 Type of Mentoring : Psychiatric Guidance Mentor : Dr. Jawahar Nehru is a passionate Scholar? Practitioner in the field of Clinical Psychology, working as a teacher,therapist, researcher and clinical psychologist in a range of environments for more than 10 years.He helps both mentors and students overcome depression etc. Details of Mentoring and Efficacy 1. As a Consultant Clinical Psychologist,she is are source to students faculty who are facing emotional and personal problems as part of

their Academic,professional,personal and social life.

Number of students enrolled in the institution	Number of fulltime teachers	Mentor : Mentee Ratio
2880	157	1:18

2.4 – Teacher Profile and Quality

2.4.1 – Number of full time teachers appointed during the year

No. of sanctioned positions	No. of filled positions	Vacant positions	Positions filled during the current year	No. of faculty with Ph.D
152	157	Nil	4	22

2.4.2 – Honours and recognition received by teachers (received awards, recognition, fellowships at State, National, International level from Government, recognised bodies during the year)

Year of Award	Name of full time teachers receiving awards from state level, national level, international level	Designation	Name of the award, fellowship, received from Government or recognized bodies
No Data Entered/Not Applicable !!!			
View File			

2.5 – Evaluation Process and Reforms

2.5.1 – Number of days from the date of semester-end/ year- end examination till the declaration of results during the year

Programme Name	Programme Code	Semester/ year	Last date of the last semester-end/ year-end examination	Date of declaration of results of semester-end/ year- end examination
No Data Entered/Not Applicable !!!				
View File				

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

KMIT, affiliated to the Jawaharlal Nehru Technological University Hyderabad (JNTUH), adheres to the syllabus prescribed by the JNTUH, Hyderabad. KMIT follows JNTUH guidelines to carry out a continuous internal evaluation system at the institutional level. As per the University norms internal exams will be conducted. Two internal examinations will be conducted during the semester. After the completion of half of the syllabus, first internal examination will be conducted as notified by the University. Internal exam paper consists of objective questions, filling in the blanks and descriptive questions. Second internal exam will be conducted after the completion of the syllabus (at the end of the semester) covering the second half of the syllabus. Average of the two internal exam marks will be considered for grading. The objective questions tested help the students increase their knowledge of the subject from basic level. The questions given are mapped with course outcomes and bloom taxonomy. In the process of continuous internal evaluation, the descriptive question paper is comprised of four questions, out of which two are to be answered. After the evaluation, Course Outcome attainment is calculated. Based on the attainment corrective actions are taken. Internal examination will be conducted for laboratory subjects also. Evaluation is done both in theory and practical examinations. The assessment remains impartial and accurate. The students are given feedback about their performance and suggestions are given for their improvement. In addition to regular internal examinations, slip tests/quiz will be conducted after the completion of each topic and unit test will be conducted

after completion of each unit of the syllabus. After the completion of each unit, students are informed about the slip tests through a notice well in advance. Teachers discuss possible questions. These tests allow the teachers to continuously assess the students to track their progress and to identify slow and advanced learners. Special classes will be arranged for identified slow learners and advanced learners will be encouraged to appear for certification examinations. Before the commencement of the University exams, preparatory exams are conducted to make the students confident in their approach. Students get a chance to improve themselves through this continuous evaluation system before appearing for the university examinations. Dates for conducting the main examinations are given by the university. Tessellator is used to evaluate day to day performance of the students. As a part of curriculum KMIT encourages students to carry out both mini and major projects to work on the real world problems and to be familiar with industry environment. Project evaluation of the final year students is carried out in various stages by the project guide, head of the department and project coordinators. The factors considered for evaluation of project are synopsis, understanding of project topic, design or synthesis, mathematical modelling, presentation, experimental results and project report.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The institution ensures effective time management and timeliness. In the beginning of the academic year, academic calendar is published by the University for Respective Course. The college carries out effective planning to stick to the academic calendar. This allows the teachers and the students to space out their teaching and learning and regular assessment of the same. KMIT strictly follows the academic calendar to conduct class work and internal evaluation and assessment of the students. The two internal examinations are conducted on the dates specified in the academic calendar. Internal assessment consists of three parts – descriptive, objective and assignment. The descriptive component is for maximum of 10 marks, objective component is for maximum of 10 marks. The assignment is for 5 marks. Every academic year consists of two semesters. Each semester is to be of 16 -18 weeks. The first Continuous Internal Examination (CIE I) also known as Mid Examination I (Mid I) along with the Lab Internal examination-1 is conducted after 8 weeks of class work. CIE II (Mid II) and Lab Internal II are conducted after 16 weeks of class work. Within the above mentioned 8 weeks of class work, the concerned syllabus is taught to the students and exam will be conducted on the syllabus covered. An average of both these examinations is calculated to attain the final internal marks of the student. These marks are also assessed to decide the course of nature for teaching slow students and rectify their performance before the external examination. All question papers are mapped with their respective course outcomes that are stated in the beginning of the course. The assignments given to the students involve unaddressed program outcomes. This helps the students attain knowledge beyond the syllabus as these topics are not covered by the exams conducted by the university but are still relevant. These assignments are given within a set timeframe. The students are to complete them within the time given to adhere to the university's timeline. Following the university calendar, every department creates internal calendar to ensure timely completion of syllabus. Every teacher follows a strict agenda that is discussed and approved by the head of their respective department. This is followed by deducing a day-to-day division of topics and chapters. These topics and chapters are chosen keeping the upcoming CIE in mind. The timeline created provide enough time for the faculty to complete the syllabus and for students to prepare and practice the concepts. Both internal and external lab examinations are also conducted in accordance with the academic calendar. Internal lab examinations are conducted during the regular lab hours at the

time of theory mid examinations. Thus KMIT strictly adheres to University academic calendar in all aspects. In case of any required change, the university communicates the modification in the academic calendar to the college and the college enforces the same. In any condition, the academic calendar is followed very strictly by the all departments.

2.6 – Student Performance and Learning Outcomes

2.6.1 – Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

<http://www.kmit.in>

2.6.2 – Pass percentage of students

Programme Code	Programme Name	Programme Specialization	Number of students appeared in the final year examination	Number of students passed in final year examination	Pass Percentage
05	BTech	CSE	480	324	67.5
12	BTech	IT	57	42	73.68
10	BTech	EIE	45	34	75.56
04	BTech	ECE	137	97	70.8
View File					

2.7 – Student Satisfaction Survey

2.7.1 – Student Satisfaction Survey (SSS) on overall institutional performance (Institution may design the questionnaire) (results and details be provided as weblink)

<http://www.kmit.in>

CRITERION III – RESEARCH, INNOVATIONS AND EXTENSION

3.1 – Resource Mobilization for Research

3.1.1 – Research funds sanctioned and received from various agencies, industry and other organisations

Nature of the Project	Duration	Name of the funding agency	Total grant sanctioned	Amount received during the year
No Data Entered/Not Applicable !!!				
View File				

3.2 – Innovation Ecosystem

3.2.1 – Workshops/Seminars Conducted on Intellectual Property Rights (IPR) and Industry-Academia Innovative practices during the year

Title of workshop/seminar	Name of the Dept.	Date
Bio medical Imaging Bootcamp	CSE	03/01/2020
Seminar on Changing of Face of Cyber Security	R and D	24/02/2020
TWO DAYS WORKSHOP ON ML	CSE	07/06/2019
Everchanging world - 5G importance	CSE	13/02/2020
A Seminar on WATER CONSERVATION AND RIVER	R and D	23/01/2020

RESTORATION IN INDIA		
Ideathon	CSE	21/09/2019
Workshop on Web series on biomedical imaging	R and D	17/03/2020
Defence -CFD Training Program	R and D	03/01/2020
Machine Learning -1 Workshop	CSE	03/01/2020
Training on Python for Data Science	CSE	04/01/2020
Training on bioinformatics program	R and D	09/01/2020
Training on bioinformatics program	CSE	21/01/2020
A Seminar on Product Development Phases	R and D	23/12/2019
seminar on A Tech Talk on AI and ML	CSE	21/09/2019
SEMINAR ON CLOUD COMPUTING	CSE	10/02/2020
SEMINAR ON 5G,IOT,CLOUD COMPUTING	CSE	13/02/2020
WORKSHOP ON MEANSTACK FOR 2 WEEKS	IT	06/07/2019
WORKSHOP ON MOBILE APP DEVELOPMENT	IT	17/06/2019
WORKSHOP ON ML	IT	09/06/2019
WORKSHOP ON GOOGLE FIREBASE	CSE	28/09/2019
SEMINAR ON ML AND AI	CSE	30/08/2019
IEEE Xtreme 13.0 Worldwide 24 Hours Coding Competition	CSE	19/10/2019
Smart India Hackathon	R and D	21/01/2020
Digital logic families	ECE	25/10/2019
MOSFET- characteristics and applications	ECE	21/09/2019

3.2.2 – Awards for Innovation won by Institution/Teachers/Research scholars/Students during the year

Title of the innovation	Name of Awardee	Awarding Agency	Date of award	Category
No Data Entered/Not Applicable !!!				
View File				

3.2.3 – No. of Incubation centre created, start-ups incubated on campus during the year

Incubation Center	Name	Sponsered By	Name of the Start-up	Nature of Start-up	Date of Commencement
Utkarsh	Utkarsh	KMIT	0	0	03/06/2019

UDAAN	UDAAN	KMIT	0	0	06/04/2020
View File					

3.3 – Research Publications and Awards

3.3.1 – Incentive to the teachers who receive recognition/awards

State	National	International
No Data Entered/Not Applicable !!!		

3.3.2 – Ph. Ds awarded during the year (applicable for PG College, Research Center)

Name of the Department	Number of PhD's Awarded
No Data Entered/Not Applicable !!!	

3.3.3 – Research Publications in the Journals notified on UGC website during the year

Type	Department	Number of Publication	Average Impact Factor (if any)
National	CSE	16	2.0
International	CSE	8	2.0
International	IT	3	1.4
National	ECE	2	0
View File			

3.3.4 – Books and Chapters in edited Volumes / Books published, and papers in National/International Conference Proceedings per Teacher during the year

Department	Number of Publication
CSE	25
IT	3
View File	

3.3.5 – Bibliometrics of the publications during the last Academic year based on average citation index in Scopus/ Web of Science or PubMed/ Indian Citation Index

Title of the Paper	Name of Author	Title of journal	Year of publication	Citation Index	Institutional affiliation as mentioned in the publication	Number of citations excluding self citation
No Data Entered/Not Applicable !!!

CRITERION IV – INFRASTRUCTURE AND LEARNING RESOURCES

4.1 – Physical Facilities

4.1.1 – Budget allocation, excluding salary for infrastructure augmentation during the year

Budget allocated for infrastructure augmentation	Budget utilized for infrastructure development
11300000	5978643

4.1.2 – Details of augmentation in infrastructure facilities during the year

Facilities	Existing or Newly Added
Campus Area	Newly Added
Class rooms	Newly Added
Laboratories	Existing
Seminar Halls	Existing
Classrooms with LCD facilities	Newly Added
Seminar halls with ICT facilities	Existing
Video Centre	Existing
Value of the equipment purchased during the year (rs. in lakhs)	Newly Added
Number of important equipments purchased (Greater than 1-0 lakh) during the current year	Newly Added
Classrooms with Wi-Fi OR LAN	Newly Added
Others	Newly Added

4.2 – Library as a Learning Resource

4.2.1 – Library is automated {Integrated Library Management System (ILMS)}

Name of the ILMS software	Nature of automation (fully or patially)	Version	Year of automation
KOHA	Fully	20.05	2021

4.2.2 – Library Services

Library Service Type	Existing	Newly Added	Total
No Data Entered/Not Applicable !!!			
View File			

4.2.3 – E-content developed by teachers such as: e-PG- Pathshala, CEC (under e-PG- Pathshala CEC (Under Graduate) SWAYAM other MOOCs platform NPTEL/NMEICT/any other Government initiatives & institutional (Learning Management System (LMS) etc

Name of the Teacher	Name of the Module	Platform on which module is developed	Date of launching e-content
No Data Entered/Not Applicable !!!			
No file uploaded.			

4.3 – IT Infrastructure

4.3.1 – Technology Upgradation (overall)

Type	Total Computers	Computer Lab	Internet	Browsing centers	Computer Centers	Office	Departments	Available Bandwidth (MBPS/GBPS)	Others
Existing	749	11	3	1	3	2	4	1000	0
Added	27	1	0	0	0	0	0	0	0
Total	776	12	3	1	3	2	4	1000	0

4.3.2 – Bandwidth available of internet connection in the Institution (Leased line)

1000 MBPS/ GBPS

4.3.3 – Facility for e-content

Name of the e-content development facility	Provide the link of the videos and media centre and recording facility
KMITTV, Tesselator (LMS)	http://www.kmitonline.com

4.4 – Maintenance of Campus Infrastructure

4.4.1 – Expenditure incurred on maintenance of physical facilities and academic support facilities, excluding salary component, during the year

Assigned Budget on academic facilities	Expenditure incurred on maintenance of academic facilities	Assigned budget on physical facilities	Expenditure incurred on maintenance of physical facilities
2368785	91638670	11300000	5978643

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

KMIT has the structured system for maintaining the support systems of the institute to allow uninterrupted access to facilities for teaching and learning. Laboratories: Maintenance Preventive maintenance of laboratory equipments, electrical plumbing facilities, etc. is carried out to avoid premature failure of a facility or equipment, item, etc. It is ensured that all the laboratory equipments are functioning as per the standards before commencement of each semester. In case the facility or lab equipment is damaged or not working properly, action will be initiated to resolve the problem. If the situation demands, breakdown maintenance work is outsourced. Equipments which are beyond repair or have lost functional significance are write-off according to the policy. Calibration of instruments is carried out as per standards and guidelines provided on it. Experimental setups and equipments are tested by faculty and lab assistant periodically. Computers: Maintenance Computer maintenance, Electrical repairs and other maintenance work are carried out in-house by lab assistants and in case if it is required, then maintenance work is outsourced. General Maintenance of Infrastructure: Repair and maintenance of the central facilities like DG set, transformer, RO plant, heavy duty copier, bore well pumps, CCTV and water coolers, etc are carried out periodically. Gardens and lawns are maintained by the Gardener Laboratory: Utilization • With respect to the time table, the students conduct experiment in their assigned labs under the supervision of the lab-in-charges and lab technicians. • Consumable and non consumable materials registers are updated periodically. • Fire Safety equipment is maintained in labs as precautionary

measure. Before the commencement of the academic year, a lab audit is conducted and a report on the Requirement of new equipment, replacement of the old equipment and modernization of machines/software is prepared along with requirement of consumables, non-consumables. Classroom: Utilization Maintenance

- Before the commencement of the academic year, depending on the intake of students, head of departments propound the requirement of classrooms to the Principal.
- Classroom allocation is done by the Principal and the HoDs in a meeting. Benches and windows are cleaned and mopping of the class rooms is done every day.
- In case of any damage to the projector, internet or the audio systems, the class mentor brings it to the notice of the HOD by registering the problem in the breakdown register. The necessary follow up is done by the department and steps are taken to fix whatever is broken.

Sports: Utilization

- Students are permitted to play only during the sports hours and to practice for any competition.
- Students are permitted to take sports material with prior notice to the Physical Director. Students must enter the details of material in the register.
- Concerned authority makes a note on return of the same in the register.
- In case of any damage observed, the same is recorded in the register pending further action. First aid box is always available for the students in case of any emergency.

5.3 – Student Participation and Activities

5.3.1 – Number of awards/medals for outstanding performance in sports/cultural activities at national/international level (award for a team event should be counted as one)

Year	Name of the award/medal	National/ International	Number of awards for Sports	Number of awards for Cultural	Student ID number	Name of the student
No Data Entered/Not Applicable !!!						
View File						

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

Activity of Student Council representation of students on academic administrative bodies/committees of the institution To inculcate leadership skills, organizing skills and to also play an active part in the day to day academic and co-curricular activities of the institution, KMIT encourages its students to be part of various academic and administrative committees. KMIT provides opportunity to the student community to express their opinion about the institution and recommends the suggestions as per their expectations.

Institute ensures participation of maximum students in all curricular and extracurricular activities organized. The institutional committees have student representative that ensures participation of students in all activities. This helps in maintaining transparency in the overall working of the institution. KMITRA: An emagazine of KMIT is run by the students. KMIT Evening, Kite Festival: Students organize all technical and cultural events of KMIT. Anti-Ragging Committee: The student members of the anti ragging committee help the new students to improve their confidence through counseling. Academic Monitoring Committee: It consists of class representatives of all branches along-with faculty members to monitor and ensure discipline in academics. Alumni are invited to give their valuable suggestions that are incorporated for supporting the curriculum. Library Committee: The student members put up their demands about learning material and express the problems faced by students, if any and utilization of library resources. Internal Complaints Committee: To provide moral support to the students to raise their grievance, if any. This brings transparency in the process. Sports Committee: The student members of the Sports Committee organize ensure maximum participation in both indoor and outdoor games. Alumni Committee: The student members of the Alumni Committee organize Alumni meet every year and helps to interact regular students with the institute alumina by means of inspirational speech, gue st lectures, gifts, etc.

5.4 – Alumni Engagement

5.4.1 – Whether the institution has registered Alumni Association?

Yes

Keshav Memorial Institute of Technology - Alumni Association [KMITAA] Any educational institution takes pride in the Alumni Association formed by the Graduates or more broadly the former students from the same Keshav Memorial Institute of Technology Alumni Association [KMITAA] has been formed by the passed out students of the college. As time flies and as we drift along life's journey there needs to be something that holds us together. It all started with KMIT PARISHAD in 2012 - the alumni association that thrived to give its level best in return to all the grooming that KMIT has offered to them as students. Through this, alumni could always re-live the college moments and also share their knowledge and experience to the succeeding KMITians.. After the passing out of two batches, the best college in the town had gathered enough talented and prospering Alumni. With the KMIT Parishad page on Facebook, the alumni harnessed their energy and showcased their talents to bring about a change... change that is needed for the betterment! Keeping change as constant and to harness the convergence of talent, innovation and technology, KMIT aims at being with the alumni forever by bringing all its alumni on the same platform. KMIT is proud to have all the passed out batches till date on this association, and look forward to support them in building their careers and unleashing their potential to paint a bigger career canvas. The members of the Alumni association meet every year and discuss on matters related to alumni and the development of the college. They also share their current experiences and recall charming old memories. The institute regularly invites the alumni to conduct expert lectures, seminars and workshops. The institute also invites the alumni for placement talks, entrepreneurship activities and financial contribution for the development of the students. The members of the alumni association regularly visit the college and Training and Placement Cell to conduct pre-placement talks, highlighting the job opportunities available in their respective industries. Alumni contribution includes: Establishing Memorandum of Understanding between the institution and alumni entrepreneurs. Suggestions and Support to Training and Placement Cell. To enhance teaching learning process through Expert/Guest Lectures. Interaction with ongoing batch students in the areas of career awareness and career planning. Participation in IQAC Cell for improving the quality of education. Guidance to students for

project work and on latest technologies.

5.4.2 – No. of enrolled Alumni:

No Data Entered/Not Applicable !!!

5.4.4 – Meetings/activities organized by Alumni Association :

2

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Participative Management is one of the core features of KMIT. Management representatives, Principal, Faculty members and students play important role in participative management. Management representatives involve in maintaining quality and welfare aspects of the Institute. Principal drives all the academic and non-academic activities involving HODs and faculty. The institution reassures participative management at various levels. Administrative and academic committees are formed where students and faculty play a vital role. Principal has full authority on academic activities and formation of various committees. HODs have functional autonomy to decide on the various departmental events and implementing them with the involvement of the faculty members. They have privilege in proposing the budget, framing timetable, subject allocation, assigning coordinators for various committees, conducting National and International Conferences, organizing seminars and workshops etc. Annual budget: Proposal, Approval and Allocation. The accounts department is in-charge of maintaining the budget. They manage the income and expenditure of all departments of the college to ensure clarity. There are various budgetary requirements at the institutional level. These include placement and training centre, examination branch, operation, research and development, teaching-learning process, applied learning and administrative processes. All departments' heads are invited to submit their carefully processed budget proposal for every academic year with a monthly break up to the accounts department. This budget proposal is formulated after lengthy discussions at department meetings organized by the HOD. Departments arrive on conclusive summary after discussing the essential requirements to fulfill the needs of the department including the budget required for faculty/student development activities like guest lectures, seminars, workshops and conferences. Along with this, lab-in charges are also asked to come up with a proposal of their requirements including purchase of new equipment, repairs and maintenances, service, training and up gradation. All proposals from various persons in charge, faculty and students are discussed in department meetings, reviewed and forwarded to the reporting authority for further processing. Principal consolidate all the budget proposals received from the subordinates and organize a meeting to eliminate redundancy. If the same proposal is sent by multiple departments, a discussion is carried out to decide which department receives the budget. Modified proposed budget of all departments is forwarded for the Chairman's approval. The Chairman then calls the leadership team for a meeting to further refine the proposed budget. A final proposed budget including all anticipated income and expenditure prepared by the accounts department is presented to the governing body for approval. As the document is an outcome of an integrated approach of participative process, it is approved by the governing body. Any objections or concerns by the members are discussed,

recorded and decisions with majority of acceptance are made for making changes in the proposals. Approvals of budgets are communicated to all departments through proper channel. Accounts department releases funds on monthly basis, as planned. Through effective decentralization, the institution practices successful delegation and enhances the productivity of the college. Through participative management, each person in-charge handles their allotted activity and ensures its complete and constructive delivery.

6.1.2 – Does the institution have a Management Information System (MIS)?

Partial

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Curriculum Development	KESHAV MEMORIAL INSTITUTE OF TECHNOLOGY, KMIT, is an institute of strong repute in the state of Telangana. The institute is affiliated to JNTUH. KMIT as it is popularly called, is a self financing institute, follows the curriculum designed by the University. The institute has departments of CSE, ECE, IT, EIE based on the core specialization and CSE(Data Science), CSE(Artificial Intelligence and Machine Learning) new courses introduced in the A.Y 2019-20 but the departments work together to achieve the vision and mission of the institute. Effective curriculum delivery is ensured through a process as given below: • Advance planning of academic activities. • Formulation of objective driven teaching plan. • Preparation of adequate learning materials. • Maintenance of course files by faculty and documented as follows For each course, a course file is prepared by the concerned faculty. • The • Mentor system to monitor and resolve problems related both academic growth and personal of students. • Periodic review of teaching-learning process by the Principal. • Lecture based interactive learning consists of Lecture method and Interactive learning, Projectbased learning and Computer assisted learning. • Passive Learning through online course material and videos. Active Virtual Learning through TeleUniv: www.teleuniv.com (http://www.teleuniv.com). A Technology Leveraging programme - TeleUniv is a replacement for the traditional “Chalk and Talk” method of teaching at its best. It is an engaging and immersive platform, which revolutionizes the

digital space by providing a unique interactive mode of delivery. The TeleUniv has been offering various courses as mentioned below

- Courses • Smart Classrooms through SANJAY app having features :Attendance,Class performance ,Live Class Room, Time Table, Events News, JNTU Results, Notifications etc. • Methodologies to support weak students /slow learners (Remedial Classes) and encourage bright students • Quality of classroom teaching • Conduct of Experiments with Continuous assessment system • Continuous real time assessment in Laboratory through LMS (college has its own LMS named Tessalator) • Student feedback of teaching learning process and action taken and documented. • Daily Drip using LMS (Tesslator) through this continues assessment in short time is possible. • Systematic examination process with regular updates to parents through SANJAYA App. • Guest lectures, seminars, internships and training programs. • Refresher Courses, workshops and FDPs to upgrade faculty's skills. • More than 60 of full time teachers have participated as members in various bodies of the Universities, Autonomous and Affiliated Colleges. • Nearly 12 new courses were introduced during the last 5 years. • CBCS was introduced by JNTUH in all UG programs from the academic year 2016-2017. • More than 60 of students have enrolled in Add-on programmes in the last 5 years.

Teaching and Learning

The traditional method of teaching is blended with the contemporary technology. TESSELLATOR, unique mechanized evaluation software, contributes immensely to the evaluation process. Efficient faculty, conducive learning environment helps in attaining the vision and mission of the institute. • The admission process is as per the Telangana state policy. Policy encourages admissions to Telangana state only. Average percentage of students from other states is 0.32 • Average enrollment percentage is 98.96 • All the seats under reservation category gets filled every year. • Special programs arranged for advanced learners and slow learners after due assessment. • Student-full time teacher ratio is 15:1 • Percentage

of Divyangjan students on rolls is 0.04

- Student-centric methods applied for enhancing learning experiences.
- All the faculty use ICT for effective teaching with LMS, e-learning resources etc.
- Each mentor on an average has approximately 15 students under his/her care for academic and stress related counseling.
- Smart Classrooms project activities and industrial internships contribute to innovation and creativity in teaching-learning.
- All the sanctioned posts are filled with full time teachers.
- Average percentage of full time teachers with Ph.D is 10.94
- Average teaching experience of full time teachers is 8.5 years.8
- Average percentage of full time teachers who received awards and recognition is 27.51
- 13.22 of full time teachers are from other states.
- Even the assessment is carried on in the laboratory sessions, depending on these outcomes major decision of improving the teaching -learning process are taken.

Continuous Internal Evaluation system is done using both University examinations and TESSELLATOR based evaluation.

- Mechanism of internal assessment is transparent and robust.

TELESCOPE, special software, is used to do day to day evaluation.

- Mechanism to deal with examination-related grievances is transparent, time-bound and efficient.
- Teachers and students are made well aware of program outcomes and course outcomes. The Institution evaluates the attainment of these outcomes.
- Average pass percentage of students is 83.05

Examination and Evaluation

As we are affiliated JNTUH, we follow the guidelines given by them. ? The performance of a student in every subject/course (including practical's and Project Stage -I II) is evaluated for 100 marks each, with 25 marks allotted for CIE (Continuous Internal Evaluation) and 75 marks for SEE (Semester End-Examination). ? For theory subjects, during a semester, there are two mid-term examinations. Each mid-term examination consists of objective paper, descriptive paper and assignment. The objective paper and the descriptive are for 10 marks each with a total duration of 1 hour 20 minutes (20 minutes for objective and 60 minutes for descriptive paper). ? The

objective paper is set with 20 multiple choice, fill-in the blanks and matching type of questions for a total of 10 marks. The descriptive paper is for a total of 10 marks. It comprises of part A-four compulsory one-mark questions, part B-comprises of four essay type questions out of which any two can be answered each question is for three marks. The first mid-term examination is conducted after the completion of 50 syllabus, the second mid-term examination is conducted after the completion of remaining 50 of the syllabus(complete syllabus). ? Five marks are allocated for assignments (as specified by JNTUH). The first assignment is submitted before the conduct of the first mid-term examination, and the second assignment is submitted before the conduct of the second mid-term examination. The total marks secured by the student in each mid-term examination are evaluated for 25 marks, and the average of the two mid-term examinations are taken as the final marks secured by each student in Continuous Internal Evaluation. If any student is absent for any subject of the mid-term examination, the students can take the online test conducted by the University.

Research and Development

The RD center, meticulously works towards the research and development sector. The students as well as the faculty are given the opportunity to take up research. The faculty is given permission to attend conference, seminars, present papers, and to be the resource persons for national and international conferences, and workshops. KMIT upgrades infrastructure by providing space for project laboratory, research laboratory. Every year a specific amount of money is allocated to purchase equipment and software for the research. The various parent/student/teacher service apps like Sanjaya, Drona, Netra are developed by the faculty and students. These apps are user friendly and have brought a remarkable change in the routine student monitoring system. • Nearly Rs 74 Lakhs worth research/sponsored projects were taken up by the KMIT staff. • An average of 0.32 projects per faculty are funded by government and non-government agencies.

- The Institution has in place an ecosystem for innovation and other initiatives for creation and transfer of knowledge.
- KMIT has established Institution Innovation Council (IIC).
- Workshops/seminars are conducted on Intellectual Property Rights and Industry-Academia innovative practices.
- The Institution has a stated code of ethics to check malpractices and plagiarism in research.
- Teachers who received state, National and International Recognition are awarded with incentives.
- 41 different extension activities were conducted by KMIT leading to a notable impact on the community as well as participating students regarding social issues.
- KMIT has received 16 awards from the government/recognized bodies.
- In the last five years KMIT has conducted nearly 400 programs including student internships, on-the-job training and research.
- KMIT has signed 89 functional MOU's with Institutions of national and international importance.

Library, ICT and Physical Infrastructure / Instrumentation

The faculty is provided spacious staff rooms and has an easy access to the internet to upgrade their knowledge and enhance their teaching skills. The lab software is upgraded in accordance with the syllabus. The equipment is monitored by the maintenance team the equipment is replaced as and when required. The entire campus is under CC camera surveillance, the footage of it is closely monitored. Adequate facilities for teaching-learning are available as given below:

- There are 34 class rooms out of which 19 are with ICT facilities.
- 3 seminar halls with ICT facilities
- One auditorium with 1000 seating capacity.
- A Studio with all capturing facilities.
- RD Center
- One Computer Centre with 50 systems
- 1 Central Library.
- The institution provides indoor game facilities for Table Tennis, Shuttle Badminton, Caroms and Chess. The institution has adequate playground for outdoor games like Volley ball, Basket ball and Foot ball.
- Provision of rooms for practice of cultural activities.
- Library automated by Integrated Library Management System (ILMS), has a total collection of 16964 books, printed journals and on-line journals.
- An average annual expenditure per year of

Rs. 6.94 Lakhs for purchase of books and journals. • Remote access available to the e-resources in the library. • Per day usage of library by teachers and students is 9.3. • Student-Computer ratio is 4.2:1 • Two Leased lines of Internet Connectivity with a bandwidth of 150 MBPS. • The average expenditure on maintenance of campus infrastructure is 28.98. • Established systems and procedures available for maintaining and utilizing physical, academic and support facilities.

Industry Interaction / Collaboration

Initiatives related to industry interaction 1. MOU with IT companies 2. Industry Advisory Board 3. Guest lecturers for students by experts from various industries 4. Faculty Training and student vocation training by various industries 5. Faculty with strong industrial experience 6. Special Interest Group 1. MOU with IT companies KMIT has Memorandum of Understanding with IT companies for the purpose of enriching practical skills and imparting industry related course curriculum to the students of all engineering disciplines in the field of Information Technology. The faculty of KMIT may undergo Train the Trainer program if required. The faculty, after completion of certification, will be allowed to train certain number of students as agreed upon in writing from time to time. 2. Industry Advisory Board KMIT has setup an Industry advisory Board with faculty from various Departments. The Board consists of the following members: Mr. Neil Gogte, Chairman of the Industry Advisory Board 3. Guest lecturers for students by experts from various industries 4. Faculty Training and student vocation training by various industries Customized Workforce Development: Students undergo one of the following CWD program according to the needs of the recruiting company. Normally Companies visit the Campus in the 4th year 1st semester and select our students. The Companies provide us with a desired skill set of technologies to be imparted to these selected students. The desired skill set is imparted through our specialized programme called - Finishing School 5. Faculty with strong industrial experience. Head pf the departments

identifies the experts in various areas with industrial experience and makes groups to train the students time to time. Departments also encourages the faculty by sending trainings in various industries to enrich the technical knowledge in emerging areas. 6. Special Interest Group Our Staff is experienced in all the latest technologies. We have expertise in all modern programming languages and database structures. The Companies provide us with a desired skill set of technologies be imparted to the selected students. The desired skill set is imparted through our specialized programme called - Customized Workforce Development Program (CWD). Industry Supported Laboratories in Campus As part of CWD program, KMIT has set up Industry Supported Laboratories for the purpose of enriching practical skills and imparting industry related course curriculum to the students. I.E.Data Science, Adobe Experience Manager, Software testing, Oracle Apps, ML, AI IOT etc.

Human Resource Management

Human resource management The College has adopted a mandatory Self-Appraisal Method to evaluate the performance of the faculty in teaching, research and extension programmes. At the end of the academic year every teacher is given an Academic Performance Indicator (API) form on the basis of the UGC regulations. The form requires the teacher to give his/her self-evaluation of the academic, co-curricular and extra-curricular work done during that year. It also requires the teacher to enumerate the papers presented at conferences, seminars, refresher courses and orientation programmes he/she has attended. The report to be filled in by each teacher is also evaluated and it analyses the duties performed with respect to lectures completed as per the teacher's planned lecture schedules, lectures taken. The Principal appreciates during monthly staff meetings notable performance of any faculty member and then persuades the other faculty members to follow such best practices in the interest of the College and self-development. The evaluation of teaching faculty by the student and the peers has been adopted in our college which helps in self-

evaluation and development. The IQAC has taken up a Quality Objective of providing six man days training to the staff based on competency based skilled matrix.

6.2.2 – Implementation of e-governance in areas of operations:

E-governance area	Details
Finance and Accounts	we are using tally software

6.3 – Faculty Empowerment Strategies

6.3.1 – Teachers provided with financial support to attend conferences / workshops and towards membership fee of professional bodies during the year

Year	Name of Teacher	Name of conference/ workshop attended for which financial support provided	Name of the professional body for which membership fee is provided	Amount of support
No Data Entered/Not Applicable !!!				
View File				

6.3.2 – Number of professional development / administrative training programmes organized by the College for teaching and non teaching staff during the year

Year	Title of the professional development programme organised for teaching staff	Title of the administrative training programme organised for non-teaching staff	From date	To Date	Number of participants (Teaching staff)	Number of participants (non-teaching staff)
No Data Entered/Not Applicable !!!						
View File						

6.3.3 – No. of teachers attending professional development programmes, viz., Orientation Programme, Refresher Course, Short Term Course, Faculty Development Programmes during the year

Title of the professional development programme	Number of teachers who attended	From Date	To date	Duration
No Data Entered/Not Applicable !!!				
View File				

6.3.4 – Faculty and Staff recruitment (no. for permanent recruitment):

Teaching		Non-teaching	
Permanent	Full Time	Permanent	Full Time
157	157	57	57

6.3.5 – Welfare schemes for

Teaching	Non-teaching	Students
PF, Gratuity, ESI facility, Paid leave,	PF, Gratuity, ESI facility, Paid leave,	Nil

6.4 – Financial Management and Resource Mobilization

6.4.1 – Institution conducts internal and external financial audits regularly (with in 100 words each)

The prime objective of institutional financial audit is to review the income and expenditures. Audit involves performing procedures for accountability in financial transactions. The institution prepares its budget every year as per the recurring and non-recurring expenses requirements of all departments as well as functional committees and is submitted to the management for approval. The sanctioned budget from the management is then allocated to the departments under the categories such as consumables, lab equipment purchase, industrial visits, research and development activities etc. A predefined institutional procedure is followed by all the departments for various purchases and expenses. To ensure proper utilization of funds and to minimize any discrepancy, the Institution conducts internal as well as external audit at regular intervals. Internal Audit mechanism is ongoing continuous process to check and verify all vouchers of transactions with reference to sanctioned budget. All recurring and non-recurring expenses are reflected in the internal audit report. Necessary comparative statements, Purchase Orders, Tax Invoice / Bills are verified. Auditor prepares its internal audit report mentioning the discrepancy observed during the audit (if any). The report, along with audit observations, is submitted by auditor for further explanation and corrective actions. External auditor conducts audit to determine the quality of financial operations performed during the financial year. As a part of an audit, the auditor reviews financial transactions and expenditure record. Internal and external audit ensures accountability and minimizes the discrepancies. Minor errors of the financial transactions when pointed out by audit team are immediately corrected / rectified and precautionary steps are taken to avoid recurrence of such errors in future.

6.4.2 – Funds / Grants received from management, non-government bodies, individuals, philanthropies during the year(not covered in Criterion III)

Name of the non government funding agencies /individuals	Funds/ Grnats received in Rs.	Purpose
No Data Entered/Not Applicable !!!		
View File		

6.4.3 – Total corpus fund generated

No Data Entered/Not Applicable !!!

6.5 – Internal Quality Assurance System

6.5.1 – Whether Academic and Administrative Audit (AAA) has been done?

Audit Type	External		Internal	
	Yes/No	Agency	Yes/No	Authority
Academic	Yes	JNTUH	Yes	IQAC
Administrative	Yes	JNTUH	Yes	IQAC

6.5.2 – Activities and support from the Parent – Teacher Association (at least three)

1. Institute has an app SANJAYA which can be access by parents to see their ward attendance and performance in examinations. 2. Another app DRONA for attendance monitering and daily sends the absenteeism of student to their parents in the form of SMS. 3. Institute has a feedback system in which parents feedback is one of the important task for accepting the suggestion from the parents to enhance the teaching learning system and other procedures to improve the facilities for the development of the students

6.5.3 – Development programmes for support staff (at least three)

1.Institute encourages the Faculty to organize and attend the FDP,Certificate courses and conferences by providing monetary benefits. 2.Institute provides the facilities to publish papers with required infrastructure in Research and Development center with financial support. 3.Institute has self appraisal system to encourage the faculty to improve academics and research.

6.5.4 – Post Accreditation initiative(s) (mention at least three)

1.focused on number of publications , Research activities and Innovation. 2.Focused on research grants and funds from Government agencies. 3.Focused on increasing the participation of faculty and students in research and projects development.

6.5.5 – Internal Quality Assurance System Details

a) Submission of Data for AISHE portal	Yes
b)Participation in NIRF	Yes
c)ISO certification	No
d)NBA or any other quality audit	Yes

6.5.6 – Number of Quality Initiatives undertaken during the year

Year	Name of quality initiative by IQAC	Date of conducting IQAC	Duration From	Duration To	Number of participants
No Data Entered/Not Applicable !!!					
View File					

CRITERION VII – INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 – Institutional Values and Social Responsibilities

7.1.1 – Gender Equity (Number of gender equity promotion programmes organized by the institution during the year)

Title of the programme	Period from	Period To	Number of Participants	
			Female	Male
NATIONS PROGRESS BY PERSONALITY DEVELOPMENT	05/08/2019	06/08/2019	69	231
SEMINAR CARRER GUIDENCE FOR CIVIL SERVICES BY DEEKSHA ACADEMY	30/10/2019	30/10/2019	70	230
International Woman's Day	08/03/2020	08/03/2020	75	Nill

7.1.2 – Environmental Consciousness and Sustainability/Alternate Energy initiatives such as:

Percentage of power requirement of the University met by the renewable energy sources
Total Lighting requirements 49 KW Percentage Lighting through LED bulbs 40 Percentage Lighting through other sources 60

7.1.3 – Differently abled (Divyangjan) friendliness

Item facilities	Yes/No	Number of beneficiaries
Provision for lift	Yes	2000
Physical facilities	Yes	2200
Ramp/Rails	Yes	20
Rest Rooms	Yes	2500
Scribes for examination	Yes	2
Special skill development for differently abled students	Yes	45

7.1.4 – Inclusion and Situatedness

Year	Number of initiatives to address locational advantages and disadvantages	Number of initiatives taken to engage with and contribute to local community	Date	Duration	Name of initiative	Issues addressed	Number of participating students and staff
No Data Entered/Not Applicable !!!							
View File							

7.1.5 – Human Values and Professional Ethics Code of conduct (handbooks) for various stakeholders

Title	Date of publication	Follow up(max 100 words)
handbook on code of conduct	01/07/2019	Nil

7.1.6 – Activities conducted for promotion of universal Values and Ethics

Activity	Duration From	Duration To	Number of participants
No Data Entered/Not Applicable !!!			
View File			

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

1.Green practices 2.Waste management 3.Rain water harvesting 4.Plastic free campus 5.LED lights
--

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

two institutional best practices Best Practice 1: Improve the employability of the students – Finishing School Program Best Practice 2: Promote Social Awareness among the students. Best Practice 1: 1. Title of the Practice: Improve the employability of the students – Finishing School Program 2. Objectives of the Practice: Train the students in Aptitude and Programming skills, latest technologies as per the needs and demands of the corporate world thereby improving the student placements. 3. The Context There is a huge disconnect between the academic curriculum and needs of the industry. Finishing School program aims at bridging this gap. Students were unable to get job because they were unable to pass the recruitment tests of companies. We needed a program to prepare the students for these tests. 4. The Practice: Finishing School program is a unique industry oriented program started by KMIT in 2010.
--

KMIT is the first college in JNTUH to have started this program. It commences in the second semester of third year. Finishing School classes are held every day for 3 hours after the academic classes end. In Finishing School session students are taught problem solving skills using algorithmic approach. Over two semesters FS students are taught C Programming, Data Structures, OOPS, JAVA, SQL, Operating Systems and Software Engineering. Along with technical skills students are also taught Aptitude and soft skills. Group discussions are held among students. Interview techniques are taught and mock interviews held. 5.

<http://kmit.in/emagazine/article/hackadrone-2018-kmits/>. KMIT has organized an International Conference on Fog Computing and Internet of Things (ICFCIoT 2017) on December 21-22, 2017. It featured invited speeches as well as peer reviewed paper presentations. <http://kmit.in/conf/conf.html> There are several activities performed by Professional Activity Body. <http://kmit.in/index.html#about-us1>

Many students secured international certifications like OCJP, Hortonworks Hadoop Certified Developer: Java, Hortonworks Hadoop Certified Developer (HDPD), HDP Certified Spark Developer - CERTIFIED BADGE, Salesforce Certified Force.com Developer (SP15), AEM 6 Developer Exam etc. 6. Problems Encountered and Resources Required • Getting faculty to teach state of art techniques needed by recruiting companies was a challenge. KMIT reached out to industry and we are able to attract and get faculty with our purpose , compensation and work environment. • Managing both academic program and Finishing school program in parallel was tough. We had built separate manpower and infrastructure for these programs. • We had difficulty adjusting the academic timetable and Finishing school timetable. • Getting soft skills faculty was not easy. We recruited full time soft skills faculty exclusively for Finishing School. • Since it was a year long program , keeping the students motivated throughout the program was a challenge. • Lot of effort was put to get reputed and big companies to come to KMIT and recruit our students. Best Practice 2: 1. Title of the Practice: Promote Social Awareness among the students 2. Objectives of the Practice: Develop a sense of social and civic responsibility in students.

3. The Context: Students are motivated to utilize the knowledge in understanding and finding practical solutions of community problems. 4. The Practice: Along with imparting technical education KMIT thrives to inculcate

social and civic responsibility in students. KMIT students in coordination with various organizations and NGOs organized various social activities. 5. Evidence of Success: Activities conducted include: Swaccha Bharat Abhiyan Tree plantation Blood donation Camp In coordination with an NGO Street Cause distributed blankets to street dwellers distributed school kits, Books, All Out refills (Mosquito Refills) and water bottles to children in an orphanage Link: <https://www.facebook.com/Street-Cause-KMIT-162351097158139/> KMIT organized an organ donation pledge campaign, powered by JeevanDan, at NIMS in Hyderabad. Along with organ donation pledge campaign, a camp was conducted to collect clothes and other items to distribute at an orphanage and old-age home. <http://kmit.in/emagazine/article/deed-well-done-charity-17/> Eco Ganesha mission is to promote eco friendly Ganpati Murthi by promoting clay idols (Murtis), to reduce pollution. KMIT is a part of SAKSHAM (Samkrakshan Kshмата Mahotsav) an awareness campaign by the Petroleum Conservation Research Association (PCRA) under the Ministry of Petroleum Natural Gas, Govt. of India. As a part of this month-long event, art forms such as painting, sketching, wall painting, etc. are conducted in educational institutions. <http://kmit.in/emagazine/article/wall-memories-saksham-2k18/> KMIT organized summer internship program in coordination with VOICE4GIRLS, a start-up social enterprise, whose mission is to enable marginalized adolescent girls in India to take charge of their futures by imparting critical knowledge, spoken English, and life skills through activity-based camps. <http://kmit.in/emagazine/article/voice4girlsagratisfyingsummer/> Computer Basics For Senior Citizens KMIT has taken an initiative for training senior citizens on computer basics as it helps them in taking care of their day to day activities. Learning new skills at an older age is challenging, but at the same time it is empowering and boosts the confidence level in them. Anti Ragging Rally Keshav Memorial Institute of Technology organized an "Awareness rally on Anti ragging" in the college premises. Students have participated with placards, pictures, banners appealing the society to have a strict orientation towards the ragging and to report ragging at their Face book page-"Anti-ragging cell-Hyderabad". More than 150 students participated in the rally. Students taken up slogan as "LET SAY NO TO RAGGING" AIRTEL HYDERABAD MARATHON Since 2015, KMIT is supporting AIRTEL HYDERABAD MARATHON by sending around 150 volunteers to the marathon. The course starts from People's plaza and ran through to Gachibowli stadium. It was a successful event to both the managing team and the runners. <http://kmit.in/emagazine/article/hyderabad-marathon/> 7. Problems Encountered and Resources required Major problems faced in making the students as socially responsible persons include motivation, sustained involvement of students and staff, time constraints and mobilization of students. Based on the social background of students there is a significant variation in the mind set of students. Mobilization of financial resources is the challenge faced by the students.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

<http://www.kmit.in>

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

institutional performance in one area distinctive to its vision priority and thrust The institution has the vision "To be the fountain head in producing highly skilled, globally competent engineers", equipped with academic and technical knowledge in different disciplines, providing emphasis on latest technological advances. KMIT, since its inception has laid emphasis on making the students industry ready. Along with the University academic curriculum KMIT

made its students learn the technologies of the day. As a part of this, over a period of time KMIT has introduced various add-on programs. These include TRISHUL, FINISHING SCHOOL, SONET and ARJUNA. In the year of inception, 2007 along with academic curriculum KMIT has started an add-on program TRISHUL targeting 1st year students. The idea behind this program is to develop the students in communication skills and in preparing the students in advanced concepts within the subjects of the curriculum. In the first year of TRISHUL, students were exposed to Advanced C programming and special classes were conducted to improve their Communication skills. In its second year KMIT, as a part of TRISHUL, students were trained in Advanced Java Programming. In the later years, students have been exposed to latest web technologies. In 2009 KMIT has started FINISHING SCHOOL. The idea behind this program is to train the students for industry placements by training them in Aptitude and Software programming. The first batch students attended the placement drives in 2010 and around 150 students got placed in around 30 companies with average package of 2.75 Lakhs. The efforts of KMIT in providing the placement can be observed with increase in the number of students placed, number of companies visiting the campus and increase in the maximum offer and average offer as show in the figures. In 2011 Customised Workforce Development (CWD) was started to train the students in the latest technologies as per the requirement of Industry. Special classes were conducted to train the students in Oracle Application, Android, IOS Programming etc. In 2013 KMIT has started School of New and Emerging Technologies (SONET). SONET trains 2nd and 3rd year B.Tech students on latest technologies viz Websecurity, Salesforce, Data Science/Machine Learning, Hadoop, AEM, Blockchain, Unity, Internet of Things (IOT). Initial batches were trained in Websecurity, Salesforce, Oracle Cloud12c and NOSQL. In 2015 four more technologies were added to SONET programs. These were Data Science/Machine Learning, Hadoop, IOT and AEM. In 2016 Blockchain and Unity were added to the list of training programs. In addition to providing exposure to latest technologies, students are encouraged to appear for international certification examinations. In 2013, KMIT has signed MOU (Memorandum of understanding) with Zensar Technologies. Under this MOU, every year Zensar Technologies trains students and faculty on ERP (Oracle Apps). In 2014 MOU included training the students and faculty on Software Testing along with ERP (Oracle Apps). In 2016 training on Salesforce was also included. In 2015, KMIT has signed MOU with Virtusa and under this MOU every year Virtusa trains students and faculty on Data Science and Adobe Experience.

8.Future Plans of Actions for Next Academic Year

Future Plans of Action for Next Academic Year KMIT visions to be transformed into a Institute of Global Standards imparting world class education through skilled manpower to make a significant contribution to the nation building cater to the needs of the society by creating research oriented intellectual domain that initiates, nourished and perpetuates values of humanity, conscious co-existence achievement of excellence. Thus, Institute believes in creating new frontiers of knowledge in quest for development of a Humane Society moves on with the following future plan of action for the next academic session to reach the target: - 1. Continuation of ICT/e-governance in all the administrative academic section to make the campus fully automated. 2. Promoting National (DRDL, BIREC) and International collaboration for Academic Interaction and Research Resource Exchange to ensure quality research. 3. To increase national International Linkage with Industries higher education Institutions establish skill-driven Industry-Academia atmosphere in the KMIT Campus to ensure quality consultant. 4. Continuously improving the examination evaluation system of the Institute through regular online - MCQ's exam pattern, Mock Test prepare the students for various

competitive examination in a better way. 5. Continuation of various Health Care Programs by the college. 6. To increase the number of MoU's by each academic department for student and faculty exchange. 7. To ensure a plastic free, Junk food free Tobacco free campus make the campus eco-friendly. 8. Continuation of Procuring and maintaining the sanitization under standard operating procedures 9. To enhance upgrade the resources of Laboratory facilities for creating Advanced Research Environment. 10. We got NBA IT renewed for three yrs, now we applied for CSE dept. 11. KMIT plans to evolve its strategic plan to generate alternatives energy sources in a better way. 12. Continuing the support to faculty to publish and present the quality research paper sand patents. 13. Proposal of Projects/Seminars/Workshops/FDPs for financial support/grants from the Govt/Private organizations . 14. KMIT already implemented the ICT enabled teaching atmosphere e-content development facility by teacher in the various platform of MOOCs Swayam. 15. KMIT continuously strengthen the staff development facility and organize regular training programs capacity building workshops for both teaching non-teaching staff members. 16. KMIT registered the Alumni association to continue the involvement of Alumni and industry partners in the various activities of the university.
