

YEARLY STATUS REPORT - 2020-2021

Part A

Data of the Institution

Part A	
Data of the Institution	
1.Name of the Institution	KESHAV MEMORIAL INSTITUTE OF TECHNOLOGY
• Name of the Head of the institution	Dr. MAHESHWAR DUTTA
• Designation	PRINCIPAL
• Does the institution function from its own campus?	Yes
• Phone no./Alternate phone no.	040 - 23261407
• Mobile No:	9849103666
• Registered e-mail	abhishek.ganu@kmit.in
• Alternate e-mail	principal@kmit.in
• Address	3 - 5 - 1026, NARAYANAGUDA
• City/Town	HYDERABAD
• State/UT	TELANGANA
• Pin Code	500029
2.Institutional status	
• Affiliated / Constitution Colleges	
• Type of Institution	Co-education
• Location	Urban

• Financial Status	Self-financing				
• Name of the Affiliating University	JNTUH HYDERABAD				
• Name of the IQAC Coordinator	Dr. J V S SRINIVAS				
• Phone No.	04023261407				
• Alternate phone No.	9849966899				
• Mobile	9849966899				
• IQAC e-mail address	srinivas@kmit.in				
• Alternate e-mail address	srinivasjvs@kmit.in				
3.Website address (Web link of the AQAR (Previous Academic Year))	www.kmit.in				
4.Whether Academic Calendar prepared during the year?	Yes				
• if yes, whether it is uploaded in the Institutional website Web link:	www.kmit.in				
5.Accreditation Details					
Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
Nil	A	3.06	2020	08/01/2020	07/01/2025
6.Date of Establishment of IQAC			03/06/2013		
7.Provide the list of funds by Central / State Government UGC/CSIR/DBT/ICMR/TEQIP/World Bank/CPE of UGC etc.,					
Institutional/Department /Faculty	Scheme	Funding Agency	Year of award with duration	Amount	
Institutional	AI/ML Training	DRDL	2020	4.5L	
Institutional	AI at the edge, GPU Programming	DRDL	2020	4.5L	
Institutional	CADC	BIRAC	2020	15 L	

8. Whether composition of IQAC as per latest NAAC guidelines	Yes	
• Upload latest notification of formation of IQAC	View File	
9. No. of IQAC meetings held during the year	2	
• Were the minutes of IQAC meeting(s) and compliance to the decisions have been uploaded on the institutional website?	Yes	
• If No, please upload the minutes of the meeting(s) and Action Taken Report	View File	
10. Whether IQAC received funding from any of the funding agency to support its activities during the year?	No	
• If yes, mention the amount		
11. Significant contributions made by IQAC during the current year (maximum five bullets)		
1. Conducting online class work 2. Conducting offline mid examinations and semester examinations following the Covid-19 protocols 3. Establish a separate examination section to conduct examinations to the students joined from 2020-21 AY. 4. Being UGC autonomous institute, KMIT has the freedom to have the modified syllabus. To frame the syllabus form the statutory bodies like board of studies, academic council and other as mention in the autonomous frame work guidelines.		
12. Plan of action chalked out by the IQAC in the beginning of the Academic year towards Quality Enhancement and the outcome achieved by the end of the Academic year		

Plan of Action	Achievements/Outcomes
E -content development facilities	Content useful to the students, particularly during the situations like COVID Lockdown.
Effective utilization of RnD facilities (Research funding/Incubations/Startups/consultancy).	Improvement in R&D, Consultancy, Startups, etc with the support of enthusiastic Faculty and students.
Online classes	Provision of Hardware and Software facilities to conduct the class work for 2020-21 academic year through online mode was initiated
Curriculum Enrichment	Value-added courses imparting transferable and life skills offered during the year
Curriculum Design and Development	Syllabus revision was carried out for existing Programs during the Academic year as well as new programs/courses introduced during the Academic year

13. Whether the AQAR was placed before statutory body?

No

- Name of the statutory body

Name	Date of meeting(s)
Nil	Nil

14. Whether institutional data submitted to AISHE

Year	Date of Submission
2020	29/01/2020

15. Multidisciplinary / interdisciplinary

Currently we have provision of interdisciplinary curriculum delivery for B.Tech. I, II & III year we have compulsory IDS subjects. The students admitted to these year of degree of any faculty have to

take environmental studies, Constitution of India, Gender Sensitization and Cyber Security as compulsory interdisciplinary subjects therefore the mindset of the students is positive to adopt the IDS and multidisciplinary curriculum. Moreover the faculty is already introduced to the IDS system and the required infrastructure and facilities are available in college. Further college has plan of starting new programs in future.
16.Academic bank of credits (ABC):
Currently the university maintains the academic credits of the students but whenever necessary college will develop or register for virtual store house of credits to avail the academic bank of credit to maintain the information of credits earned by individual students throughout their learning journey.
17.Skill development:
We are currently running from the First year the Finishing School as add on and bridge courses are skill oriented therefore our students are acquainted and benefitted. College has considerable number of facilities to run the skill oriented courses.
18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)
Integration of Indian knowledge system is a key point to focus and emphasize in terms of teaching in Indian Language culture using online course. The faculty will be trained by motivating to participate in orientation courses and faculty development program especially on Indian knowledge system
19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):
Outcome based education is a well planned delivery by considering the result and providing actually what students want and providing needed skill and knowledge. Most of our faculty is engaged in university curriculum design committees BOS and Sub committees of the same. So faulty is prepared and aware about setting and designing the curriculum and delivery of Outcome based education.
20.Distance education/online education:
The college has our own LMS in our college by name "Tesslater", currently our faculty is using this platforms link with Google Classroom and google meet to deliver online education and to conduct exams online. we have sufficient infrastructure for online education
Extended Profile

1.Programme	
1.1 Number of courses offered by the institution across all programs during the year	224
File Description	Documents
Data Template	View File
2.Student	
2.1 Number of students during the year	3024
File Description	Documents
Data Template	View File
2.2 Number of seats earmarked for reserved category as per GOI/ State Govt. rule during the year	1208
File Description	Documents
Data Template	View File
2.3 Number of outgoing/ final year students during the year	764
File Description	Documents
Data Template	View File
3.Academic	
3.1 Number of full time teachers during the year	154
File Description	Documents

3.2	59

Number of Sanctioned posts during the year	
File Description	Documents
Data Template	View File
4.Institution	
4.1 Total number of Classrooms and Seminar halls	54
4.2 Total expenditure excluding salary during the year (INR in lakhs)	99024710
4.3 Total number of computers on campus for academic purposes	776
Part B	
CURRICULAR ASPECTS	
1.1 - Curricular Planning and Implementation	
1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process	
KESHAV MEMORIAL INSTITUTE OF TECHNOLOGY, KMIT, is an institute of strong repute in the state of Telangana. The institute is affiliated to JNTUH.is a self financing institute, follows the curriculum designed by the University. The institute has departments of CSE, ECE, IT, EIE based on the core specialization and CSE(Data Science),CSE(AIML) new courses introduced in the A.Y 2019-20.Effective curriculum delivery is ensured through a process: • Advance planning of academic activities. • Formulation of objective driven teaching plan. • Preparation of adequate learning materials. • Maintenance of course files.Result Analysis to identify Weak and advanced learners. • Mentor system. • Periodic review of teaching-learning process • Projectbased learning. • Passive Learning.Active Virtual Learning through TeleUniv: www.teleuniv.com.TeleUniv is a replacement for the traditional "Chalk and Talk" method of teaching at its best.. The TeleUniv has been offering various courses also. • Smart Classrooms through SANJAY app. • Methodologies to support weak /slow learners. • Quality of classroom teaching • Continuous real time assessment in Laboratory through LMS (college has its own LMS named Tessalator) • Student feedback of teaching learning process and action taken and	

documented. •Systematic examination process with regular updates to parents through SANJAYA App.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

a. Adherence to Academic calendar:

In KMIT we follow JNTUH Academic calendar as it is affiliated to JNTUH. Lesson plan with course objectives and course outcomes are prepared by the course coordinator before the commencement of the semester and is dually approved by the module coordinator and the Head of the department and made available to the students.

Feedback on every subject is taken every fortnight by the module coordinators. The areas enmarked by the students are shared with the concerned faculty to make their teaching effective.

2.2 - Catering to Student Diversity		
2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners		
Methodologies to support weak students and encourage advanced learners		

1. Guidelines to identify weak students
2. Guidelines to identify advanced learners

1. Guidelines to identify weak students

The Mentors regularly conduct meetings regarding progress of their mentees and are responsible to identify students who scored less than 60% marks in their internals. Under the directions of program coordinator, the students' Mentor monitors the progress of those students who score below 60% marks in three or more subjects.

MENTORING SYSTEM

Identification Criteria

Actions taken

Students scoring less than 60% of marks in Internal Assessment.

1. Student Mentors follow their progress regularly advising students about attending classes, making up classes missed, and getting additional help.
- 2.
3. Remedial classes are conducted.

Diploma students who entered with less basics of mathematics and programming essentials

Bridge courses are conducted.

Students having poor performance in Tesselator courses

Exercises are uploaded on Telescope for additional practice. (so that they can solve the problems at home)

Students having poor performance in theory subjects

Notes, FAQ's, MCQ's, Model Question papers are provided.

Are provided access to KMITTV as a supplement.

1. Guidelines to identify Advanced students

Identification Criteria

Actions taken

- Those students who excel in day-to-day evaluation and examinations conducted during the course are identified and encouraged to participate in ARJUNA, our flagship program.
- Cash awards are distributed to motivate them to continue their excellency in academics.
- Encouraged to take up real time projects.
- Encouraged to participate in inter college national/ international fest.
-
- Made them globally competent to participate in worldwide coding competitions like IEEE extreme competition, ACM ICPC, Google code jam, etc.
- Advised to be on board of student council which enriches their management skills.
- Provided opportunity to work on research projects.
- Guided them to write and present papers in conferences.

Students who out performed in ARJUNA course were encouraged with cash awards.

Distribution of Cash Awards

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

KMIT, affiliated to the Jawaharlal Nehru Technological University Hyderabad (JNTUH), adheres to the syllabus prescribed by the JNTUH, Hyderabad. KMIT follows JNTUH guidelines to carry out a continuous internal evaluation system at the institutional level.

The following strategies were followed to improve quality of teaching and learning process

- Adherence to Academic calendar
- Course files
- Extensive use of ICT tools
- Hands on Learning with LMS (Tessellator)
- Project based learning in all semesters using SONET-TRISHUL programs
- Online session on Sunday(Arjuna) and thrice a week (Nirantar Finishing School i.e.NFS) in evenings - improving problem solving skills using Telescope
- PassiveLearning using KMITTV
- Active VirtualLearning using LMS Telescope
- NPTEL courses using LMS Telescope
- Methodologies to support weak students and encourage brightstudents
- Quality of classroomteaching
- Additional laboratory
- Continuous real time assessment throughTessallator
- SMART classrooms (Sanjaya,Netra, Drona)
- Student feedback of teaching learning process and actiontaken
- Assignments

File Description	Documents
Upload any additional information	View File
Link for additional information	https://kmit.in/index.php

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

- **Extensive use of ICT tools:**

Classrooms are equipped with state of the art facilities - Wi-Fi, internet, projectors and IP cameras.

Interactive teaching tools like Tessellator(LMS) and Google classroom are extensively used to conduct quizzes, solve programming questions and to give assignments, by the faculty to assess the performance of the student.

- the online platform enables teachers to conduct online classes, boot camps in evenings and to students to practice programming exercises at home.

High quality e-content like unit wise notes, MCQ's, animations, lab programs as per syllabus and beyond syllabus, previous question papers, model question papers are also uploaded on Telescope. Teachers follow suitable ICT pedagogical methods to conduct their classes.

- **Hands on Learning with LMS (Tessellator):**

KMIT has special software tool, called Tessellator, which was built in-house for improving the teaching learning experience, it is used to assess the programming skills, experimental capabilities and to conduct online quizzes.

Typically in each programming class, a concept is taught for 20-30 mins and then students are required to take several programming tasks pertaining to the theoretical concepts explained and attempt

the quiz which is a collection of multiple choice questions.

There are usually three programmes given to the students. If the student is a slow learner, he/ she might be able to work on a single programme. The advanced learners may go to the 3rd programme. The programs are designed keeping in view all the three level learners (slow, average and advanced). The information collected over time helps to analyze weak areas of learning. After the end of every class the teacher is expected to post the performance of a student on Trinetra (student management system) making it available to all the stake holders. This software platform is used for continuous evaluation and student monitoring.

- Project based learning in all semesters using SONET-TRISHUL programs

Projects are encouraged from 1st semester as the key skills problem solving, critical thinking and time management can be imparted, the practical application provides the students the opportunity for effective learning.

SONET (School of new and emerging technologies) program is initiated to uphold this ideology. At the end of the course student's incompetency is enough to develop projects.

Trishul is a skill-enhancement initiative that was designed exclusively for first year students at KMIT. This is to give them entry level technological training. Some of the technologies introduced in Trishul include Python and Building RIA. Additionally, students are offered courses in fundamental life skills such as basic electrics (fixing light bulbs etc), building solar panels, robotics etc.

KMIT encourages students collaborate with researchers for their ongoing research.

KMIT students participate in large numbers in project hackathons like SIH (Smart India Hackathon), Google Summer of Code, Codevita, Amazon Campus Mentorship Program, Virtusa, etc. As all these programs are guided by industry based national and international mentors, it helps the students to get an insight into the cutting edge technology.

KMIT faculty guides the students to take up Open Source frameworks, learn more about the framework and help them in solving critical issues, bugs, developing new features etc. Ideathon is an annual event hosted by KMIT, to get an insight into the student's ideas.

Apart from this as a part of JNTUH curriculum every student has to submit mini and major project during their external vivas.

Projects are encouraged from 1st semester onwards ranging from static website to a humanoid robot (Abhimanyu).

- Online session on Sunday (Arjuna) and thrice a week (NFS) in evenings – improving problem solving skills using Telescope

KMIT has a special initiative called ARJUNA and NFS to develop the problem solving capabilities of its students.

Arjuna, NFS are online courses conducted through Telescope these courses are intended to provide the foundation of the practical implementation and usage of Algorithms and Data Structures.

Real time Problems of three levels (simple, medium and hard) are given to the students, they need to analyze the problem and identify the algorithm and the data structure to be used. Students are given a week to solve the problems. After a week, submitted solutions are assessed by experienced faculty and top students are rewarded with cash prizes.

KMIT TV: Passive learning

KMIT TV was envisioned to become a supplement for the regular classes. Faculty records their lectures in in-house studio. The lectures are for regular academic subjects as well as industry related courses. The students once registered can access any subject any time 24x7. This facility is available even for the alumni. Visit KMITTV.com (<http://kmittv.com/>)

- TeleUniv: www.teleuniv.com (<http://www.teleuniv.com>): Active Virtual Learning

A Technology Leveraging programme – TeleUniv is a replacement for the traditional “Chalk and Talk” method of teaching at its best. This

platform is Innovative Interactive Immersive;it revolutionizes the digital space by providing a unique interactive mode of delivery.

This platform not only engages the present students but it is made available to alumni as a part of lifelong learning.

- NPTEL courses using online and LMS Tesselator

KMIT has the honour of being the first among the best Local Chapters- All over India and it has retained its position till date.

KMIT believes in adapting to the ever changing world of technology and this invariably is followed by the students.the resources provided by MHRD help students and faculty members to upgrade their skill set.

Special classes are taken by our faculty members where they would revise the weeks' content and clear the doubts of the student about assignment presented that week. In addition our faculty prepares additional assignments to cover overall topics taught in the weeks' syllabus and monitor the progress of each student very diligently.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

KMIT, affiliated to the Jawaharlal Nehru Technological University Hyderabad (JNTUH), adheres to the syllabus prescribed by the JNTUH, Hyderabad. KMIT follows JNTUH guidelines to carry out a continuous internal evaluation system at the institutional level. As per the University norms internal exams are conducted. Two internal examinations are conducted during the semester. First internal examination is conducted after the completion of 2.5 units. Internal exam paper consists of two parts

- Objective : MCQ's, Fill in the blanks, etc - 10M

ii. Subjective: Essay type questions - 10M

All the questions are based on BLOOMS TAXONOMY and are mapped with Course Outcomes.

In the process of continuous internal evaluation, the subjective question paper comprises of two sections. Part-A of subjective question paper comprises of four short answer questions are compulsory and Part-B has four long answer questions out of which two are to be answered.

In addition to regular internal examinations, slip tests/quiz will be conducted topic wise and unit test are conducted after completion of each unit in the syllabus. These tests allow the teachers to continuously assess the students to track their progress.

Internal examinations are conducted for laboratory subjects too. According to the JNTUH norms, every lab is conducted for 3 hours. Lab evaluation is done following rubrics of evaluation. Day-to-Day evaluation is for 15M, which comprises of Observation (5M), Record (5M) and VivaVoce (5M). The lab internal is for 10M.

Two lab internals are conducted along with the theory internals. The assessment remains impartial and accurate. For transparency, evaluations are made available on Sanjaya (parent app) and Netra (student app).

After the evaluation, Course Outcome attainment is calculated. Based on the attainment, weak and advanced learners are identified and corrective actions are taken.

Remedial classes are arranged for slow learners and advanced learners are encouraged to become globally competent (Arjuna, NFS, GSOC, ACM-ICPC, IEEE, Research, Projects, etc).

Tessellator, Unique software developed by KMIT, is used to evaluate day to day performance of the students. Faculty update student's performance by using Drona App. Students gets regular updates about exams and evaluation through Netra App.

The evaluation of these examinations is done by course coordinators. While preparing the question papers, the BLOOMS Taxonomy Levels and Course Outcomes are taken into consideration diligently by the course coordinator. The question papers are approved by module coordinator. Four sets of question papers are submitted to the examination branch, in a signed sealed cover. One hour before the examination commences the Principal selects one set of question paper. The selected set is then considered for the exam. This ensures no leakage of question paper in any form. The exams are conducted as per guidelines prescribed by the university. They are monitored by invigilators who maintain the code and conduct of an examination hall.

The answer scripts are evaluated by concerned faculty members. Evaluation is done as per the guidelines and scheme of evaluation set by the course coordinator. The teachers maintain impartiality and fairness. They ensure that they mark each student equally and maintain a code of sincerity. Once the papers have been evaluated, they are distributed to the students. The concerned faculty discusses the questions and the corresponding answers. This helps the student understand their mistakes and note down the correction. Thus the students are allowed to assess their own work and any modifications to the marks are reflected. Suggestions are given for improvement. The feedback on their performance helps the students to perform better next time. Finalized marks are verified by the teachers and students before they are displayed on the notice boards. These marks are available on SANJAYA and NETRA App for record so that the parents' can keep track of their wards' performance.

Therefore, the process of continuous internal assessment is carried out with complete transparency

File Description	Documents
Any additional information	View File
Link for additional information	https://www.kmit.in/examination/exam.php

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

The college conducts two types of examinations, internal and external. External examinations are conducted by the University and the internal examinations are conducted by the college. As part of internal examinations, slip tests/quiz, unit tests and mid examinations are conducted. The examinations are conducted with utmost care leading to transparency and fairness.

External examination hall tickets are issued to the students well in advance. Any grievance related to the hall ticket like printing of wrong name or delay in issuance is addressed by the exam cell. The exam cell immediately looks into the matter and takes necessary actions. The issues of the students are dealt with high priority and solved as soon as possible.

The question papers for internal examinations are prepared by the respective teachers and approved by the head of the concerned department. College receives Objective question paper from the University. Two sets of descriptive question papers are prepared by the concerned faculty and the Principal picks one set on the day of the exam. This ensures fairness and removes the chance of usage of unfair methods. The

external question papers, received from University through online mode, are printed 15 minutes before the commencement of examination. External examination papers are evaluated at the University.

No student is allowed to carry any material other than the hall ticket to the exam hall. In the event of a student is found using unfair means during examinations, Principal is notified about the incident. The Principal then communicates with University and acts based on the recommendations of the University.

Post internal examinations, students are given back their evaluated answer scripts. Students are permitted to assess their own performance and seek any clarifications to the teacher. In case they are entitled to more marks, teachers do the needful. Following the review of answer scripts, the marks are entered in a register before forwarding them to the university.

In the case of external examination, any grievance is addressed by the examination branch. The student in need of help explains his/her grievance to the person in-charge who reviews the complaint and provides a solution. In case the university needs to be contacted, a standard fee is collected. Upon receiving

the fee, the college in-charge represents the issue to the university and pursues it till it is resolved. University provides three options to students to resolve their grievance related to valuation of external examination answers scripts. Students can apply for recounting or re valuation. If the student is still not satisfied with the outcome of re valuation, he can apply for challenge re valuation.

All grievances are therefore solved with utmost care to student sensitivity. College level grievances are solved within two-three days. The college is dedicated to provide students with time-bound, transparent and efficient solutions for their examination related grievances.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The accomplishment of effective program outcomes, program specific outcomes and course outcomes becomes fundamental for the successful running of an educational institution of any sort. To ensure the same, the institution follows the system of evaluation.

The internal examinations i.e MID I and MID II are formulated keeping this in mind. The question papers are therefore mapped to the Course Outcomes and Blooms Taxonomy.

Each midterm examination is conducted for a total of 25 marks. These marks are distributed in a manner that each section tests the student understanding of the topic in depth. Accordingly, 10 marks are allotted for descriptive questions, 10 marks for objective questions and 5 marks for assignments.

The subsequent targets for the students in relation to these examinations are set by the corresponding faculty based on the evaluation of previous year's results.

The evaluation is rigorous. It is done by mapping the marks acquired by the students to their corresponding Course Outcomes. The marks of descriptive questions as well as objective questions are mapped.

Out of the total weightage, mid I and mid II performances are considered to account for 25%. The remaining 75% weightage is given to the end exam marks.

The college follows a process of teaching that urges the teachers to design, deliver and assess. Upon receiving the syllabus from the university, the teachers design the curriculum in a way best suited for the students. They then follow a variety of teaching methods to successfully deliver the said curriculum to the students in a way that they can understand the same. After delivering the syllabus, the teachers conduct examinations to assess the understanding. Based on their individual analysis of every student, they decide whether or not they need to modify their way of communicating with the said student. The ones who seem to require more attention than others are offered remedial classes to help with their academic performance. This process of providing additional support to the ones in need comes under the program of plan, do,

check and act (PDCA). Similar to design, deliver and assess program, the PDCA additionally helps those in need by providing the extra academic support from the teachers. This is done by assessing the average Following the above mentioned steps, program specific and course outcomes are arrived at for each program. After strict adherences to the above procedures, the college can provide outcomes. These

outcomes are then closely analyzed by subject experts to incorporate any changes that are required in their way of teaching to better the students' performance. Using this procedure, teaching plans are finalized and necessary changes/modifications are notified to the university. We at KMIT strive our best to ensure that our teachers and faculty deliver to the best of their capabilities to enable the students to receive the

very best of their course and program outcomes.

INFRASTRUCTURE AND LEARNING RESOURCES**4.1 - Physical Facilities**

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

KMIT has well equipped and impressive infrastructure over 5 acres of land, 15509 square meters of built-up area, serene green land which provides an eco-friendly environment, and laboratories to conduct experiments and simulations.

Separate building for I Yr. students and Training and Placement cell.

KMIT has well-furnished, spacious classrooms with good ventilation to conduct classes. Classrooms are maintained as per norms for proper visibility of black board/white board and audibility. The classrooms are equipped with fans, lights, and LAN/WIFI connectivity. Most of the classrooms have projectors.

The Institution has fully equipped laboratories, with well-maintained instruments, devices, and equipment to conduct experiments. Additional equipment is available to provide students opportunities to work on their projects.

The college has three seminar halls and 1 auditorium with 1000 seating capacity. Auditorium is equipped with LCD Projector and public addressing system. Wifi facility is available in the auditorium.

The institution has 776 computers with good configuration. 20 computers and 12 laptops are used for administrative and academic purpose.

The institution has a central library, the digital library, students are able to access to National Digital Library (NDL), SWAYAM, and NPTEL lecture videos.

Paste link for additional information	https://kmit.in/infrastructure/classroom.php

4.1.2 - The Institution has adequate facilities for cultural activities, sports, games (indoor, outdoor), gymnasium, yoga centre etc.

The institution has adequate playground for outdoor games like Volley ball, Basket ball and Foot ball. Students won medals and awards in national/international tournament.

1. 4 Badminton courts (One indoor and 3 outdoor)

2. 1 Basket Ball court

3. 2 Table Tennis Tables

5. 10 chess Boards

6. 6 Caroms Boards

7. Rest rooms for Players

8. A mini Football Ground

9. A Volleyball Court

YOGA CLASS

An exclusive facility is provided with a dedicated yoga teacher for training both the students and faculty.

CLUBS and CULTURAL ACTIVITIES

Students clubs like Literary club, Music club, Creative arts club, Photography & short film shooting club are established. Students actively practice and participate in extra-curricular activities, participate in National level competitions and won awards and prizes.

As a part of cultural activities every year KMIT organizes Kite festival, KMIT Evening- cultural day of KMIT, Batukamma and Dandiya during Navaratri days and celebrates many festivals. The inherent talents of the students are shared in kMITRA, an emagazine maintained by the students of KMIT. It's a platform for both students and faculty to exhibit their artistic and literary talents. kMITRA covers arts, book review, fashion, food, humour, movies, music, poetry and many more.

4.2 - Library as a Learning Resource**4.2.1 - Library is automated using Integrated Library Management System (ILMS)**

The well maintained college library is enriched with a huge collection of valuable books. The library services are fully automated using an open source fully featured, scalable library management system, KOHA. All the transactions are fully computerized and all the documents are bar coded. The bar code ID and scanner are used for charging/discharging the books.

Library has computers available for use, with internet access and word processing software. Printing, Photo copying and scanning facilities are available. The Library is open for extensive hours, including evenings and Saturday and Sunday during semester End exams.

The institute has a digital library with 20 terminals.

4.3 - IT Infrastructure

4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

KMIT always aims at providing the futuristic facilities to all its stake holders so that they can utilize these resources to reach greater heights. To enable this, the institution frequently updates its IT facilities to provide the best of facilities. Classrooms have been equipped with LCD projectors and most of them are supported by audio visual systems and internet facility. The entire campus is monitored by CCTV facility.

A unique learning management system called as TESSALLETOR is being used for teaching as well as assessing the students. Its a continuous student monitoring and online performance evaluation tool. It enables instant evaluation after the completion of each and every instruction session. Many other exclusive apps like Sanjaya, Netra, Drona, and Dhanush are developed to serve the stake holders of KMIT. Sanjaya is an Attendance, Presence and Performance Monitoring System for Parents.

Parents are able to watch their wards live in the classroom on their phones. Netra is an Android application for students of KMIT. In Netra students can view their performance, results, notifications

about various events and soon. The marks attained by each student after every examination are updated on the automated system.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

KMIT has the structured system for maintaining the support systems of the institute to allow uninterrupted access to facilities for teaching and learning.

Laboratories:

Preventive maintenance of laboratory equipments, electrical & plumbing facilities, etc. is carried out to avoid premature failure of a facility or equipment, item, etc. It is ensured that all the laboratory equipments are functioning as per the standards before commencement of each semester.

Calibration of instruments is carried out as per standards and guidelines provided on it. Experimental setups and equipments are tested by faculty and lab assistant periodically.

Computer maintenance, Electrical repairs and other maintenance work are carried out in-house by lab assistants and in case if it is required, then maintenance work is outsourced.

Repair and maintenance of the central facilities like DG set, transformer, RO plant, heavy duty digital copier, bore well pumps, CCTV and water coolers, etc are carried out periodically. Gardens and lawns are maintained by the Gardener

- Consumable and non consumable materials registers are updated periodically.**

- Fire Safety equipment is maintained in labs as precautionary measure.**

Sports:

- Students are permitted to play only during the sports hours and to practice for any competition.

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms)

To inculcate leadership skills, organizing skills and to also play an active part in the day to day academic and co-curricular activities of the institution, KMIT encourages its students to be part of various academic and administrative committees. Institute ensures participation of maximum students in all curricular and extracurricular activities organized.

KMITRA: An emagazine of KMIT is run by the students.

KMIT Evening, Kite Festival: Students organize all technical and cultural events of KMIT.

Anti-Ragging Committee: The student members of the anti ragging committee help the new students to improve their confidence through counseling.

Library Committee: The student members put up their demands about learning material and express the problems faced by students, if any and utilization of library resources.

Internal Complaints Committee: To provide moral support to the students to raise their grievance, if any. This brings transparency in the process.

Sports Committee: The student members of the Sports Committee organize ensure maximum participation in both indoor and outdoor games.

Alumni Committee: The student members of the Alumni Committee organize Alumni meet every year and helps to interact regular students with the institute alumina by means of inspirational speech, guest lectures, gifts, etc.

5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

The Alumni association of KMIT, popularly known as KMIT PARISHAD is a platform for passed out students to have live contact with KMIT and interact with students. The members of the Alumni association meet every year and discuss on matters related to alumni and the development of the college.

They also share their current experiences and recall charming old memories. The institute regularly invites the alumni to conduct expert lectures, seminars and workshops. The institute also invites the alumni for placement talks, entrepreneurship activities and financial contribution for the development of the students.

The members of the alumni association regularly visit the college and Training and Placement Cell to conduct pre-placement talks, highlighting the job opportunities available in their respective industries.

Alumni contribution includes:

Establish Memorandum of Understanding between the institution and alumni entrepreneurs.

Suggestions and Support to Training and Placement Cell.

Enhance teaching learning process through Expert/Guest Lectures.

Interact with ongoing batch students in the areas of career awareness and career planning.

Participate in IQAC Cell for improving the quality of education.

Provide guidance to students for project work and on latest technologies.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

KMIT with its effective governance is dedicated in setting up processes to achieve the vision, mission and goals of the institution.

The vision is the source of inspiration to the faculty, management staff and students. The vision proves to be the guiding principle for all the endeavours. It constantly reminds the purpose of

existence, the need for strategic planning. Keeping this in mind every year, the gap analysis is done.

Suitable policies are framed, the teachers are trained to be more effective, are encouraged to take up higher education, to work in various industry related projects, attend seminars and workshops, present papers. The self appraisal and student feedback enable the teachers to upgrade themselves.

The effective leadership is not limited to the student and teaching faculty, the vision is achieved only when the entire framework works towards it, So the non teaching staff, supporting staff are trained to support the governing body. They are trained in office management skills..

The various departments work keeping in mind their mission, understanding that they have to attain the vision of the college with effective Leadership and governance to achieve the vision of the institute.

File Description	Documents
Paste link for additional information	https://kmit.in/aboutus/aboutus.php
Upload any additional information	View File

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

Participative Management is one of the core features of KMIT. Management representatives, Principal, Faculty members and students play important role in participative management.

Principal has full authority on academic activities and formation of various committees. HODs have functional autonomy to decide on the various departmental events and implementing them with the involvement of the faculty members. They have privilege in proposing the budget, conducting National and International Conferences, seminars and workshops etc.

All proposals from various persons in charge, reviewed and forwarded to the reporting authority for further processing. Principal consolidate all the budget proposals received from the subordinates and organize a meeting to eliminate redundancy.

Modified proposed budget of all departments forwarded for the Chairman's approval. The Chairman then calls the leadership team for a meeting to further refine the proposed budget. A final proposed budget including all anticipated income and expenditure prepared by the accounts department is presented to the governing body for approval. As the document is an outcome of an integrated approach of participative process, it is approved by the governing body.

Accounts department releases funds as planned. Through effective decentralization, Through participative management, each person in-charge handles their allotted activity and ensures its complete and constructive delivery.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

A strategy describes how the goals will be achieved by the resources. The senior leadership of an organization is generally assigned the task of determining strategy. Strategy can be planned or can be observed as a pattern of activity as the organization adapts to its environment or competes. The development of the institution is an ongoing process. At every step, the management strives to improve the institution. This is made possible with the help of perspective/strategic plan.

The first step towards any real progress is brainstorming ideas. All stake holders of the institution are involved in the process. Their inputs and suggestions are considered while developing the strategic plan. The tasks are divided based on their merit and the facilities to fulfil them into three major categories. These are formulated as lists under short term plans and long term plans. Once the plans are approved by higher authority, every department is instructed to work on plan to achieve goal.

Ex : implementation of a strategic plan was the goal for 100% placements with 10% improvement each year. Firstly, the primary and

secondary goals were decided and strategic decisions were made. Then the process of achieving this task was discussed and formulated.

File Description	Documents
Strategic Plan and deployment documents on the website	View File

Upload any additional information	View File

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

The governing body of KMIT is constituted as per the AICTE norms. The body meets once in a year in general and few more times on the basis of any ad-hoc need. Decisions like introduction of new course, closure of existing courses, construction of new blocks, enhancement of physical facilities and other initiatives for improvement of the institution are taken in the form of society resolutions in the governing body. Governing body is the ultimate authority for any decision in the institution.

Administrative set up of the institution is as per the organization chart of the organization. Governing body being the ultimate authority will have the Chairman of the society under the body.

Board members are under Chairman. Principal is the academic and administrative head of the institution. Heads of the Department report to the Principal. Staff report to respective Heads of the Department/ Coordinators. Heads of Administration, Examination branch, Library and Physical Education report to the Principal. Coordinators are under Heads of the department.

6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

KMIT management conducts performance appraisal of all members of the faculty relative to quality of guidance, instruction, curriculum delivery, University exam results and student feedback. Faculty members are assessed in the areas of faculty standards, program operations, and the college's policies on ethics and professional behaviour.

1. Self Assessment: The Self Assessment process allows faculty members to reflect upon their effectiveness in accomplishing their current job requirements and the responsibilities of their position with the college.

2. Subject knowledge: Interpersonal Relationships: Willingness and demonstrated ability to cooperate, work, and communicate with coworkers, management, and outside contacts and to make an unselfish contribution to improving the morale of the faculty, staff, and administration.

3. Coordination, Planning and Organization: Ability to establish appropriate course of action for self and faculty to accomplish goals.

The self appraisal forms are filled by faculty and submitted to HOD, these forms are reviewed by the HOD and are forwarded to Principal after making some comments. The Principal then in consultation with the management announces the appraisals.

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly Enumerate the various internal and external financial audits carried out during the year with the mechanism for settling audit objections within a maximum of 200 words

The prime objective of institutional financial audit is to review the income and expenditures.

Audit involves performing procedures for accountability in financial transactions.

To ensure that, the allocated budget is properly utilized and to minimize any discrepancy, the Institution conducts internal as well as external audit at regular intervals.

Internal Audit mechanism is ongoing continuous process to check and verify all vouchers of transactions with reference to sanctioned budget. All recurring and non-recurring expenses are reflected in the internal audit report. Necessary comparative statements, Purchase Orders, Tax Invoice / Bills are verified. Auditor prepares its internal audit report mentioning the discrepancy observed during the audit (if any). The report, along with audit observations, is submitted by auditor for further explanation and corrective actions.

External auditor conducts audit to determine the quality of financial operations performed during the financial year. As a part of an audit, the auditor reviews financial transactions and expenditure record.

Internal and external audit ensures accountability and minimizes the discrepancies. Minor errors of the financial transactions when pointed out by audit team are immediately corrected / rectified and precautionary steps are taken to avoid recurrence of such errors in future.

6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

The following procedure is adopted for the utilization of resources.

Planning: The laboratory in-charges propose laboratory-wise requirements. The expenses required for the departmental activities such as organizing co curricular and extracurricular activities are also included in the annual budget.

Budget Formulation: An annual budget of the department is prepared and forwarded by all the HODs to the Principal for consent. After the review, The final consolidated budget is forwarded to the Management Committee for a final approval.

Allocation: With the approval from the Head of the Institution fund will be released as per the necessity of the proposed expenses. Provision is also made for emergency expenditure.

Expenses: The sanctioned funds are utilized for the development of laboratories, procurement of books, national /international journals, staff salary, development and maintenance activities, etc. These are forwarded to the Principal through HOD for consideration and consent. Looking to the importance of the requirement, the Principal forwards the note to the Management for its final sanction.

Audit: The Accounts Section of the Administrative office verifies the expenses against the sanctioned amount carried out under various institutional / departmental activities from the supporting documents and gives their remarks for the final settlement.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

The Internal Quality Assurance Cell(IQAC) The Internal Quality Assurance Cell(IQAC) was established at KMIT in June 2013 with the approval of the governing body and its first meeting was conducted in the same month.

IQAC not only acts as a quality sustenance measure but also monitors the quality of services being provided by the institution to its stakeholders. The IQAC has made a prominent and meaningful contribution through channelizing the efforts and measures of the institution towards academic excellence. Parameters related to the enhancing of the quality of the institution like Infrastructure, workshops, conferences, FDP's, paper publications, innovations in teaching and more are considered after the approval of IQAC Committee.

1: Training programs to the faculty and students.

2: Finishing School Program (FS).**3 Research and Development Activities.**

4 Suggesting FDPs, Workshops, Seminars, Guest Lectures, Projects, Paer presentations, Symposiums etc.

5 Desiging plans to get Grants from Govt/Private sectors.

6.Suggsting activities enhances the teaching and learning process.

File Description	Documents
Paste link for additional information	https://kmit.in/iqac/iqac.php

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

Example 1: Teaching Learning Reforms through Participatory Learning, Innovations, Co-curricular Activities.

At the beginning of every semester, the faculties come together for the faculty colloquium. In this meeting, the faculties discuss their course planning, delivery and assessment. Based on the course outcome given by the University, subject teachers prepare a schedule of 50 to 60 hours to deliver it. He/she also makes a daywise schedule of topics to be taught, methodology to be used, pedagogies and expected out of that lesson.

KMIT is in the process of adopting smart class room technology. As a part of this class rooms are equipped with LCD projector, a desktop system, WIFI service, Tessellator through WIFI/ LAN. These facilities enable learners to build knowledge and transform their learning into a product. The concept of smart classroom is not only made education interesting but also enhances student's performance. NPTEL and

The internal Academic Audit is carried out regularly every month and any shortfalls identified are addressed from time to time. Some of the measures include submission of course handouts, monitoring of course delivery and assessment, remedial actions for slow learners.

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

1. Institution shows gender sensitivity in providing facilities such as:

1.Safety and Security

2.Counselling

3.Common Room

Safety & Security:

KMIT provides a safe and secure environment to the students, faculty and non teaching staff with the cooperation of institute security personnel, city police, fire department and local communities.

Institute has appointed security team from an authorized Security Agency. They provide 24x7 security.They address the emergency issues and also provide assistance on any kind of security related duties. The security verifies and takes care of the check-in and check-out of institute visitors, vendors, student ID cards and vehicles.

The institution has fire extinguishers at appropriate places in each floor to address the fire incidences.

KMIT has fire safety Audit for the buildings.

KMIT has a corporate hospital in its neighbourhood. The institute has First-Aid boxes in all the departments, Labs, security office and administrative office. Institute has a First Aid Medical room which is utilized for medical emergencies by staff & students.

The Institution has implemented Gender Sensitization course for all branches under curriculum of Jawaharlal Nehru Technology University Hyderabad.

Women Cell (WC):

Women cell has been constituted to empower the safety measures for female members in the Institution. The WC works to promote gender sensitivity in the Institution and produce harmonious atmosphere on the campus. It organizes workshops and sensitization programs both for staff and students by eminent Psychologists and social workers.

Functions of Women cell:

Identification of qualities like strong leadership and change making in girl students and building their capacity.

Organising the programs that empower women financially, mentally and emotionally. Provide opportunities that promote their growth as individuals in their own right.

To make them aware about the Supreme Court guidelines and to ensure that sexual harassment is treated as an unacceptable social behaviour within the institution and the society.

To conduct seminar, workshop to impart knowledge of opportunities and tools

available and train the women.

Roles and Responsibilities:

To promote a culture of respect and equality for female gender.

To conduct seminar, workshop to impart knowledge of opportunities and tools available and train the women.

To create a conducive counselling environment for female gender to share their problems.

To inculcate entrepreneurial attitude among young girls, scientists at the earliest so that they can be "job givers" rather than "job takers".

Counselling: The Women cell also attends to the Grievances of the aggrieved students and deciphers their problems. All proceedings of

the counselling shall be recorded. The Cell will provide assistance to the Faculty/Institute for taking preventive steps in the matter of gender discrimination and sexual harassment. Ms Varma is an Independent and Professional Psychologist appointed by the KMIT to meet student

counselling needs. She is available on every Thursday - 2:00pm -4:00pm @ BhavishyaDwar. She is also available on phone call.

KMIT provides counselling to the students on regular basis to make them aware of:

Safety parameters for riding two wheelers.

Use of Aprons in labs for safety purpose.

Wearing formal shoes in Labs.

Common rooms: The institute provides common rooms for girls & boys, which are under security surveillance.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

Solid waste management

The institution takes all measures required to ensure that the campus is free of waste items that harm the environment. All departments and classrooms are provided with dustbins for collection of wet and dry wastage which are emptied every morning and evening, thus maintaining the Campus by keeping it clean and green. Dried leaves and plant clippings are collected and segregated in compost pits to produce manure and which is used for gardening as organic manure to increase fertility of the soil.

Liquid waste management

At our campus, we treat waste water through sedimentation. The Sewage water from the entire campus is dispensed through the underground pipe lines.

E-waste management

All Electronic waste CPU's, Hard disks, Laboratory Equipment scrap is sent to the market for sale. Obsolete yet workable computers are donated. The cartridges of printers are refilled outside the college campus; UPS Batteries are recharged and repaired by the suppliers.

Waste recycling system:

KMIT has waste recycling system which runs manually and prepares decomposition waste material and can be used as fertilizer to the plants.

Hazardous chemicals and radioactive waste management

KMIT has despose the Hazardous chemicals and radioactive waste management to the seller if they expair immediatly.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities (within 200 words).

KMIT organizes and celebrates both National and cultural festivals.

Republic Day:

Republic Day honours the date on which the Constitution of India came into effect on 26 January 1950.

Every year KMIT celebrates Republic day on 26th January by hoisting National Flag, organizing competitions to students, programs that inculcate patriotism in students, young India hosting is done. Sweets are distributed to all.

Independence Day:

Independence Day is annually celebrated on 15 August, as festival commemorating the

nation's independence from the United Kingdom on 15 August 1947. The festival is celebrated with flaghoisting ceremony and cultural events. Sweets are distributed to all.

Institute also gives importance to Birth/Death anniversaries of great Indian personalities. We celebrate Sardar Vallabhai Jayanthi, Gandhi Jayanthi, Dr B R Ambedkar Jayanthi, Mokshagundam Visvesvaraya Jayanthi etc. Students are encouraged to give speeches on universal

values.

Teacher's day:

Teachers' Day is a special day for the appreciation of teachers, and include celebrations to honor them for their special contributions in a particular field area, or the community in general. The birthday of Dr.Sarvepalli Radhakrishnan (5 September) is also celebrated as Teacher's Day in India since 1962. On this day, Students felicitate their teachers. Special programs are arranged.

Engineer's day:

Every year, KMIT celebrates 15th September as Engineer's day as a remarkable tribute to the greatest Indian Engineer Bharat Ratna Mokshagundam Visvesvaraya. Various technical events, competitions will be conducted for students.

International Day of Yoga:

International Day of Yoga, or commonly and unofficially referred to as Yoga Day, is celebrated in KMIT annually on 21 June since its inception in 2015. Special Yoga session is organized on that day. Every day students and staff are encouraged to practice Yoga by Yoga trainer.

International Women's day:

International Women's Day (IWD) is celebrated on March 8 every year. it is a day that celebrates womanhood. We celebrate this day on 8th March every year. Every year a workshop will be conducted on The theme for International Women's Day. Girl students and female staff participate in various activities like workshops, Antakshari and Dumb cherades.

Sankranti, Patangotsav:

It is celebrated every year in the month of January. Rangoli competitions, kite flying competitions are conducted to students and faculty.

Ugadi:

Every year, KMIT celebrates Ugadi, the Telugu the New Year's Day. It is observed in on the first day of the Hindu lunisolar calendar month of Chaitra, that falls in March or April of the Gregorian calendar.

Bathukamma:

Bathukamma is floral festival celebrated predominantly by the Hindu women of Telangana. Students and staff celebrate Bathukamma festival by preparing colorful Bathukammas, beautiful flower stacks, arranged with different unique seasonal flowers most of them with medicinal values, in seven concentric layers in the shape of temple gopuram.. KMIT invites local people to be part of the function.

Blood donation Camp

In coordination with an NGO Street Cause distributed blankets to street dwellers; distributed school kits,

Books, All Out refills (Mosquito Refills) and water bottles to children in an orphanage

KMIT organized an organ donation pledge campaign, powered by JeevanDan, at NIMS in Hyderabad.

Along with organ donation pledge campaign, a camp was conducted to collect clothes and other items to

distribute at an orphanage and old-age home.

Eco Ganesha mission is to promote eco friendly Ganpati Murthi by promoting clay idols (Murtis), to reduce pollution.

KMIT is a part of SAKSHAM (Samkrakshan Kshмата Mahotsav) an awareness campaign by the Petroleum

KMIT organized summer internship program in coordination with VOICE4GIRLS, a start-up social enterprise, whose mission is to enable marginalized adolescent girls in India to take charge of their futures by imparting critical knowledge, spoken English, and life skills through activity-based camps.

Computer Basics For Senior Citizens

KMIT has taken an initiative for training senior citizens on computer basics as it helps them in taking care of their day to day activities. Learning new skills at an older age is challenging, but at the same time it is empowering and boosts the confidence level in them.

Anti Ragging Rally

Keshav Memorial Institute of Technology organized an "Awareness rally on Anti ragging" in the college premises. Students have participated with placards, pictures, banners appealing the society to have a strict

orientation towards the ragging and to report ragging at their Face book page-"Anti-ragging cellHyderabad". More than 150 students participated in the rally. Students taken up slogan as "LET SAY NO TO RAGGING"

The students are encouraged to participate in various co curricular activities. Various coaches are appointed to train students in these activities. Some of the regular activities run through the year are as follows:

1. NSS activities Authorized center issued by JNTUH.
2. Street cause: It is a NGO same as NSS
3. VignanVachini (Science onWheels)
4. Unnat Bharat Abhiyan (UBA)
5. Zumba (Exercise through dance)
6. Sports - Volleyball, football, basketball, table tennis etc.

Extension activities in the neighbourhood community in terms of impact and sensitizing students to social issues and holistic development during the last five years.

7.1.11 - Institution celebrates / organizes national and international commemorative days, events and festivals

KMIT organizes and celebrates both National and cultural festivals.

Republic Day:

Republic Day honours the date on which the Constitution of India

came into effect on 26 January 1950.

Every year KMIT celebrates Republic day on 26th January by hoisting National Flag, organizing competitions to students, programs that inculcate patriotism in students, young India hosting is done. Sweets are distributed to all.

Independence Day:

Independence Day is annually celebrated on 15 August, as festival commemorating the

nation's independence from the United Kingdom on 15 August 1947. The festival is celebrated with flaghoisting ceremony and cultural events. Sweets are distributed to all.

Institute also gives importance to Birth/Death anniversaries of great Indian personalities. We celebrate Sardar Vallabhai Jayanthi, Gandhi Jayanthi, Dr B R Ambedkar Jayanthi, Mokshagundam Visvesvaraya Jayanthi etc. Students are encouraged to give speeches on universal values.

Teacher's day:

Teachers' Day is a special day for the appreciation of teachers, and include celebrations to honor them for their special contributions in a particular field area, or the community in general. The birthday of Dr.Sarvepalli Radhakrishnan (5 September) is also celebrated as Teacher's Day in India since 1962. On this day, Students felicitate their teachers. Special programs are arranged.

Engineer's day:

Every year, KMIT celebrates 15th September as Engineer's day as a remarkable tribute to the greatest Indian Engineer Bharat Ratna Mokshagundam Visvesvaraya. Various technical events, competitions will be conducted for students.

International Day of Yoga:

International Day of Yoga, or commonly and unofficially referred to as Yoga Day, is celebrated in KMIT annually on 21 June since its inception in 2015. Special Yoga session is organized on that day. Every day students and staff are encouraged to practice Yoga by Yoga trainer.

International Women's day:

International Women's Day (IWD) is celebrated on March 8 every year. It is a day that celebrates womanhood. We celebrate this day on 8th March every year. Every year a workshop will be conducted on the theme for International Women's Day. Girl students and female staff participate in various activities like workshops, Antakshari and Dumb charades.

Sankranti, Patangotsav:

It is celebrated every year in the month of January. Rangoli competitions, kite flying competitions are conducted to students and faculty.

Ugadi:

Every year, KMIT celebrates Ugadi, the Telugu New Year's Day. It is observed on the first day of the Hindu lunisolar calendar month of Chaitra, that falls in March or April of the Gregorian calendar.

Bathukamma:

Bathukamma is a floral festival celebrated predominantly by the Hindu women of Telangana. Students and staff celebrate Bathukamma festival by preparing colorful Bathukammas, beautiful flower stacks, arranged with different unique seasonal flowers most of them with medicinal values, in seven concentric layers in the shape of temple gopuram..

KMIT invites local people to be part of the function.

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Best Practice 1:**1.Title of the Practice:**

Improve the employability of the students - Finishing School Program

1.Objectives of the Practice:

Train the students in Aptitude and Programming skills, latest technologies as per the needs and demands of

the corporate world thereby improving the student placements.

1.The Context

There is a huge disconnect between the academic curriculum and needs of the industry. Finishing School program aims at bridging this gap. Students were unable to get job because they were unable to pass the recruitment tests of companies. We needed a program to prepare the students for these tests.

1. The Practice:

Finishing School program is a unique industry oriented program

started by KMIT in 2010. KMIT is the first college in JNTUH to have started this program. It commences in the second semester of third year.

Finishing School classes are held every day for 3 hours after the academic classes end. In Finishing School session students are taught problem solving skills using algorithmic approach.

Over two semesters FS students are taught C Programming, Data Structures, OOPS, JAVA, SQL, Operating Systems and Software Engineering. Along with technical skills students are also taught Aptitude and soft skills. Group discussions are held among students. Interview techniques are taught and mock interviews held.

1.Evidence of Success:

There are several activities performed by Professional Activity Body.

Many students secured international certifications like OCJP, Hortonworks Hadoop Certified Developer: Java, Hortonworks Hadoop Certified Developer (HDPCD), HDP Certified Spark Developer – CERTIFIED BADGE, Salesforce Certified Force.com Developer (SP15), AEM 6 Developer Exam etc.

1.Problems Encountered and Resources Required

Getting faculty to teach state of art techniques needed by recruiting companies was a challenge.

KMIT reached out to industry and we are able to attract and get faculty with our purpose

compensation and work environment.

Managing both academic program and Finishing school program in parallel was tough. We had built separate manpower and infrastructure for these programs.

We had difficulty adjusting the academic timetable and Finishing school timetable.

Getting soft skills faculty was not easy. We recruited full time soft skills faculty exclusively for Finishing School. Since it was a year long program , keeping the students motivated throughout the program was a challenge. Lot of effort was put to get reputed and big companies to come to KMIT and recruit our students.

Best Practice 2:

1. Title of the Practice:

Promote Social Awareness among the students

2. Objectives of the Practice:

Develop a sense of social and civic responsibility in students.

3. The Context:

Students are motivated to utilize the knowledge in understanding and finding practical solutions of community problems.

4. The Practice:

Along with imparting technical education KMIT thrives to inculcate social and civic responsibility in students. KMIT students in coordination with various organizations and NGOs organized various social activities.

5. Evidence of Success:

Activities conducted include:

Swaccha Bharat Abhiyan

Tree plantation

Blood donation Camp

In coordination with an NGO Street Cause distributed blankets to street dwellers; distributed school kits,

Books, All Out refills (Mosquito Refills) and water bottles to children in an orphanage

KMIT organized an organ donation pledge campaign, powered by JeevanDan, at NIMS in Hyderabad. Along with organ donation pledge campaign, a camp was conducted to collect clothes and other items to

distribute at an orphanage and old-age home.

Eco Ganesha mission is to promote eco friendly Ganpati Murthi by promoting clay idols (Murtis), to reduce pollution.

KMIT is a part of SAKSHAM (Samkrakshan Kshмата Mahotsav) an awareness campaign by the Petroleum Conservation Research Association (PCRA) under the Ministry of Petroleum & Natural Gas, Govt. of India. As a part of this month-long event, art forms such as painting, sketching, wall painting, etc. are conducted in educational institutions.

KMIT organized summer internship program in coordination with VOICE4GIRLS, a start-up social enterprise, whose mission is to enable marginalized adolescent girls in India to take charge of their futures by imparting critical knowledge, spoken English, and life skills through activity-based camps.

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

The institution has the vision "To be the fountain head in producing highly skilled, globally competent engineers", equipped with academic and technical knowledge in different disciplines, providing emphasis on latest technological advances.

KMIT, since its inception has laid emphasis on making the students industry ready. Along with the University academic curriculum KMIT made its students learn the technologies of the day. As a part of this, over a period of time KMIT has introduced various add-on programs. These include TRISHUL, FINISHING SCHOOL, SONET and ARJUNA.

In the year of inception, 2007 along with academic curriculum KMIT has started an add-on program TRISHUL targeting 1st year students. The idea behind this program is to develop the students in communication skills and in preparing the students in advanced concepts within the subjects of the curriculum. In the first year of TRISHUL, students were exposed to Advanced C programming and special classes were conducted to improve their Communication skills. In its

second year KMIT, as a part of TRISHUL, students were trained in Advanced Java Programming. In the later years, students have been exposed to latest web technologies.

In 2009 KMIT has started FINISHING SCHOOL. The idea behind this program is to train the students for industry placements by training them in Aptitude and Software programming.

The efforts of KMIT in providing the placement can be observed with increase in the number of students placed, number of companies visiting the campus

and increase in the maximum offer and average offer.

In 2011 -2020 Customised Workforce Development (CnD) was started to train the students in the latest technologies as per the requirement of Industry. Special classes were conducted to train the students in Oracle Application, Android, IOS Programming etc.

In 2013-2021 KMIT has started School of New and Emerging Technologies (SONET). SONET trains 2nd and 3rd year B.Tech students on latest technologies viz Websecurity, Salesforce, Data Science/Machine Learning, Hadoop, AEM, Blockchain, Unity, Internet of Things (IOT). Initial batches were trained in Websecurity, Salesforce, Oracle Cloud12c and NOSQL. In 2015-2021 four more technologies were added to

SONET programs. These were Data Science/Machine Learning, Hadoop, IOT and AEM. In 2016 -2020 we added many emerging technologies.

Blockchain and Unity were added to the list of training programs.

In addition to providing exposure to latest technologies, students are encouraged to appear for international certification examinations.

In 2013-2020, KMIT has signed MOU (Memorandum of understanding) with Zensar Technologies. Under this MOU, every year Zensar Technologies trains students and faculty on ERP (Oracle Apps). In 2014-2020 MOU included training the students and faculty on Software Testing along with ERP (Oracle Apps). In 2016 training on Salesforce was also included. 2020 still continuing the comp[anies].

In 2015-2020, KMIT has signed MOU with Virtusa and under this MOU

every year Virtusa trains students and faculty on Data Science and Adobe Experience Manager (A.E.M). Virtusa has established a centre of excellence (COE) in KMIT and was inaugurated Virtusa Vice President and Recruitment team in the year 2016. Exclusive lab has been established in KMIT. All the training programs will be conducted in that lab.

Virtusa added KMIT to do training on Adobe Analytics. RPA is also added in 2017. Two faculty members from KMIT got certified in RPA, one in AEM and 2 in Data Science.

In the year 2016 KMIT has started ARJUNA program and running successfully till date. As part of this program students are given a set of programmatic problems at the beginning of every week and they are expected to upload the solutions for them online. Post evaluation two fastest/best solutions are considered for 1st, 2nd, 3rd and 4th year respectively and given ARJUNA award with a cash amount of 2500/- at the end of the week. To encourage active student participation, an ARJUNA awardee is not eligible for the same for the following 4 weeks.

7.3.2 - Plan of action for the next academic year

Future Plans of Action for Next Academic Year

KMIT visions to be transformed into a Institute of Global Standards imparting world class education through skilled manpower to make a significant contribution to the nation building & cater to the needs of the society by creating & research oriented intellectual domain that initiates, nourished and perpetuates values of humanity, conscious co-existence & achievement of excellence. Thus, Institute believes in creating new frontiers of knowledge in quest for development of a Humane & Society moves on with the following future plan of action for the next academic session to reach the target: -

1. Continuation of ICT/e-governance in all the administrative & academic section to make the campus fully automated.

2. Promoting National (DRDL,BIREC) and International collaboration for Academic Interaction and Research Resource Exchange to ensure quality research.
3. To increase national & International Linkage with Industries & higher education Institutions & establish skill-driven Industry-Academia atmosphere in the KMIT Campus to ensure quality consultancy.
4. To enhance & upgrade the resources of Laboratory facilities for creating Advanced Research Environment.
5. . As per previous year plan - NBA for the Departments IT renewed for three yrs and also got NBA for Department of CSE.
6. Continuing the support to faculty to publish and present the quality research papers and patents.
7. KMIT continuously strengthen the staff development and organize regular training programs capacity building workshops for both teaching & non-teaching staff members.
8. Proposal of Projects/Seminars/Workshops/FDPs for financial support/grants from the Govt/Private organizations
