

YEARLY STATUS REPORT - 2023-2024

Part A

Data of the Institution

1.Name of the Institution	Keshav Memorial Institute of Technology
• Name of the Head of the institution	Dr. B L Malleswari
• Designation	Principal
• Does the institution function from its own campus?	Yes
• Phone No. of the Principal	9849103666
• Alternate phone No.	9885189917
• Mobile No. (Principal)	9866323444
• Registered e-mail ID (Principal)	principal@kmit.in
• Address	3-5-1026,Hari vihar colony, Bhawani nagar colony,Narayanguda

• City/Town	Hyderabad
• State/UT	Telangana
• Pin Code	500029

2.Institutional status

• Autonomous Status (Provide the date of conferment of Autonomy)	22/12/2020
• Type of Institution	Co-education
• Location	Urban
• Financial Status	Self-financing
• Name of the IQAC Co-ordinator/Director	M.Asha Jyothi
• Phone No.	9985438866
• Mobile No:	9603752288
• IQAC e-mail ID	iqac@kmit.in

3.Website address (Web link of the AQAR (Previous Academic Year) <https://kmit.in/iqac/iqac.php>

4.Was the Academic Calendar prepared for that year? Yes

• if yes, whether it is uploaded in the Institutional website Web link: <https://kmit.in/academics/academic-calendars.php>

5.Accreditation Details

Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
-------	-------	------	-----------------------	---------------	-------------

Cycle 1	A	3.06	2020	08/01/2020	07/01/2025
6.Date of Establishment of IQAC			03/06/2013		
7.Provide the list of Special Status conferred by Central and/or State Government on the Institution/Department/Faculty/School (UGC/CSIR/DST/DBT/ICMR/TEQIP/World Bank/CPE of UGC, etc.)?					
Institution/ Department/Faculty/School	Scheme	Funding Agency	Year of Award with Duration	Amount	
Institution	Government Sponsored Project	DRDL,Hyderabad	24/05/2023	19.99L	
Institution	Government Sponsored Project	DRDL,Hyderabad	24/05/2023	9.747L	
Institution	Government Sponsored Project	BIRAC	03/08/2020	68.1L	
Institution	Non Govt Sponsored Project	Cyber Gaurd	10/04/2023	3.8L	
Institution	Non Govt Sponsored Project	procareer Academy	18/09/2021	49200usd	
8.Provide details regarding the composition of the IQAC:					
Upload the latest notification regarding the composition of the IQAC by the HEI		View File			
9.No. of IQAC meetings held during the year		3			
Were the minutes of IQAC meeting(s) and compliance to the decisions taken uploaded on the institutional website?		Yes			
10.Did IQAC receive funding from any funding agency to support its activities during the year?		No			
11.Significant contributions made by IQAC during the current year (maximum five bullets)					
Curriculum Enhancement - Integrated industry-relevant courses like AI, ML, and Blockchain.					
Student-Centric Learning - Promoted experiential learning through Project School.					
Faculty Development - Conducted FDPs on OBE, AI, and innovative teaching.					

Research & Innovation – Encouraged research, publications, and hackathon participation.

Quality Assurance – Strengthened NAAC, NBA, and NIRF compliance through audits and feedback.

12. Plan of action chalked out by IQAC at the beginning of the academic year towards quality enhancement and the outcome achieved by the end of the academic year:

Plan of Action	Achievements/Outcomes
Curriculum Upgradation – Introduce industry-aligned courses (AI, ML, Blockchain, Cloud Computing).	New courses integrated, enhancing students' technical skills and employability.
Faculty Development Programs (FDPs) – Organize workshops on OBE, AI, and modern teaching methods.	Multiple FDPs conducted, improving faculty competency and teaching effectiveness.
Student Skill Development – Strengthen Project School, Finishing School, and industry collaborations.	Increased hands-on learning opportunities, internships, and industry certifications.
Research, Innovation & Startup Incubation – Encourage research, hackathons, Imagineering School for startup incubation, and SIH (Smart India Hackathon) participation.	Boosted entrepreneurial mindset, successful startup launches, and SIH team victories.
Online & Blended Learning Initiatives – Enhance digital education through KMIT Vista, Tesseract, and kmitonline.com.	Increased accessibility to online learning resources, coding practice, and video lectures.
Cultural & Holistic Development – Promote extracurricular engagement through student clubs, art, and cultural events (Bathukamma, Dandiya Night, Patang Utsav).	Improved student engagement, teamwork, and cultural awareness alongside academic excellence.
Quality Assurance & Accreditation – Conduct regular audits, feedback sessions, and prepare for NAAC/NBA/NIRF rankings.	Enhanced institutional ranking, better compliance, and improved academic processes.
Infrastructure & Facility Upgradation – Improve Wi-Fi, library resources (DELNET), and lab facilities to support research and learning.	Enhanced academic infrastructure, better digital access, and improved student and faculty experience.
Encourage student participation in inter-college sports events.	Increased participation in inter-college sports competitions, with notable performances.

13. Was the AQAR placed before the statutory body?

Yes

- Name of the statutory body

Name of the statutory body	Date of meeting(s)
Governing Council	15/09/2023

14. Was the institutional data submitted to AISHE ?

Yes

- Year

Year	Date of Submission
2024	15/02/2024

15. Multidisciplinary / interdisciplinary

KMIT fosters a multidisciplinary and interdisciplinary learning environment by integrating knowledge from multiple domains to provide a holistic education. The curriculum is designed to encourage students to explore diverse fields such as Artificial Intelligence, IoT, Cybersecurity, Blockchain, Cloud Computing, and Business Studies, ensuring they develop problem-solving skills across various disciplines. Through initiatives like Project School, Finishing School, and Imagineering School, students engage in hands-on projects that blend technology, entrepreneurship, and real-world applications. Additionally, industry collaborations, research-driven hackathons, and MOOC-based learning further enhance their ability to work in cross-functional teams, preparing them for dynamic career opportunities in a rapidly evolving world. Courses, projects, and research activities are structured to promote cross-disciplinary learning. For instance, a student pursuing AI can work on projects involving business strategy, cybersecurity, or healthcare applications, gaining practical insights from different sectors. The Project School and Imagineering School are platforms that foster these cross-domain collaborations, where students from different disciplines come together to work on innovative projects and startups. By offering flexibility and exposure to multiple domains, KMIT equips students with the skills required to thrive in a constantly evolving global job market. The outcome is a well-rounded graduate, capable of tackling complex problems from diverse perspectives and contributing to various industries. At KMIT, the multidisciplinary and interdisciplinary approach is further enhanced through the Embedded Learning Initiative, which focuses on teaching AI modules and web development from scratch. This initiative is designed to bridge the gap between theory and practical application, ensuring that students from diverse backgrounds are equipped with both foundational and advanced knowledge in cutting-edge technologies. In this initiative, AI and web development courses are integrated into various disciplines, ensuring that students can understand and apply these technologies in fields like healthcare, business, engineering, and social sciences.

16. Academic bank of credits (ABC):

Through ABC, KMIT encourages students to take advantage of online learning platforms and MOOCs to pursue courses beyond the regular curriculum, giving them the opportunity to specialize in emerging fields. This system not only provides academic flexibility but also enables students to customize their educational journey, making them more industry-relevant and adaptable. While not fully leveraging the ABC system yet, KMIT is actively working towards creating a more flexible curriculum that allows for easy recognition of external learning and credit transfer in the future. As the ABC initiative evolves, KMIT aims to integrate it into the institution's broader vision of providing students with a holistic, flexible, and industry-aligned education, fostering lifelong learning opportunities that are adaptable to the fast-changing landscape of both academic and professional fields.

17.Skill development:

KMIT places a strong emphasis on skill development, ensuring that students are equipped with the technical, professional, and soft skills required for career success. The institution integrates industry-relevant training into its curriculum through multiple initiatives, preparing students for both employment and entrepreneurship. KMIT integrated skill development into its academic framework as a credit-based course under the KR23 regulation, ensuring that students gain essential technical and professional competencies alongside their core subjects. This structured approach enables students to acquire industry-relevant skills while fulfilling their academic credit requirements. Key skill development initiatives at KMIT include:

- Finishing School:** A structured program focused on technical training, coding proficiency, soft skills, and aptitude enhancement to make students industry-ready.
- Project School:** Encourages hands-on learning by engaging students in real-time projects across domains such as AI, ML, Cloud Computing, Web Development, and IoT.
- Imagineering School:** A startup incubation platform that nurtures innovation and entrepreneurship, providing mentorship and support for students to build and scale their ideas.
- Embedded Learning Initiative:** Offers AI modules and web development training from scratch, ensuring students gain a strong foundation in emerging technologies.
- Industry Collaborations & Certifications:** Partnerships with leading tech companies and MOOC platforms (Swayam, NPTEL, Coursera, etc.) to offer students globally recognized certifications.
- Hackathons & Competitions:** Encourages participation in Smart India Hackathon (SIH) and other coding challenges to sharpen problem-solving abilities and foster teamwork.

Through these initiatives, KMIT ensures that students graduate with practical skills, interdisciplinary knowledge, and the confidence to excel in their chosen careers.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

KMIT actively incorporates the Indian Knowledge System into academics and extracurricular activities by blending Indian languages, culture, traditional sciences, and sustainability practices with modern education. This approach fosters a holistic learning experience, helping students appreciate India's rich heritage while developing contemporary technical skills. Key Initiatives for IKS Integration at KMIT:

- Teaching & Learning in Indian Languages:** While English is the primary medium of instruction, students are encouraged to use regional languages in discussions, promoting better conceptual understanding.
- Promotion of Indian Culture & Traditions:** Events like Bathukamma, Dandiya Night, and Patang Utsav celebrate India's cultural diversity, encouraging students to engage with traditional art forms, music, and dance.
- Online Courses on Indian Knowledge Systems:** Students are encouraged to take MOOCs, NPTEL, and Swayam courses on

subjects like Vedic Mathematics to explore India's intellectual heritage. Workshops & Guest Lectures: Experts in Indian science, history, and traditional medicine conduct sessions on topics such as Indian contributions to metallurgy, astronomy, and holistic wellness (Yoga) Farming Terrace Initiative: KMIT promotes sustainable agricultural practices by introducing terrace farming on campus, where students learn about organic farming, sustainable food production, and eco-friendly urban gardening. Entrepreneurship Inspired by Indian Heritage: The Imagineering School and Startup Incubation Programs encourage students to explore business models rooted in India's traditional industries, handicrafts, and indigenous innovations. By integrating the Indian Knowledge System into academics and student life, KMIT ensures that students develop a strong cultural foundation, sustainability awareness, and global competitiveness, preparing them to be socially responsible and innovative professionals.	
19.Focus on Outcome based education (OBE): Focus on Outcome based education (OBE):	
KMIT adopts Outcome-Based Education (OBE) to ensure a student-centric learning approach where knowledge, skills, and attitudes are clearly defined and measured. The curriculum is designed around Program Educational Objectives (PEOs), Program Outcomes (POs), Program-Specific Outcomes (PSOs), and Course Outcomes (COs) to align with industry expectations and academic excellence. A strong emphasis is placed on holistic skill development, integrating technical expertise, problem-solving, critical thinking, and communication skills. Continuous assessment and feedback mechanisms, including project-based learning, skill-based evaluations, and industry interactions, help track student progress effectively. KMIT's industry-oriented curriculum is developed with stakeholder inputs from faculty, industry experts, and students, ensuring relevance and employability. Additionally, the institution promotes a flexible and multidisciplinary approach, encouraging students to explore MOOCs, interdisciplinary projects, and research-based learning. Through OBE, KMIT ensures that graduates are industry-ready, innovative, and equipped with lifelong learning skills, preparing them for successful careers.	
20.Distance education/online education:	
KMIT does not offer traditional distance education but provides a comprehensive online learning environment through three distinct platforms: Tesselator Tool for Coding: This platform focuses on enhancing students' coding skills by offering interactive coding challenges and real-time feedback. Tesselator allows students to work on various programming tasks, improving their problem-solving abilities and coding proficiency in a hands-on way. Tesseract for Video Lectures & Assessments: Tesseract provides video lectures on a wide range of subjects, ensuring students have access to detailed explanations of academic concepts. After each lecture, students can engage in MCQs to assess their understanding, and unit-wise assessments help track their learning progress and mastery of the material. KMIT Vista: The KMIT Vista YouTube channel offers a broad selection of video lectures, supplementing traditional classroom learning with digital content. Students can access these videos at their convenience, enabling self-paced learning and further reinforcement of their academic knowledge. These platforms work together to create an integrated, flexible learning experience that promotes interactive coding, continuous assessments, and flexible online learning, ensuring that KMIT students are well-prepared for both academic and industry challenges.	

Extended Profile

1.Programme

1.1
Number of programmes offered during the year:

4

File Description	Documents
Institutional Data in Prescribed Format	View File

2.Student

2.1
Total number of students during the year:

3529

File Description	Documents
Institutional data in Prescribed format	View File

2.2
Number of outgoing / final year students during the year:

758

File Description	Documents
Institutional Data in Prescribed Format	View File

2.3
Number of students who appeared for the examinations conducted by the institution during the year:

3518

File Description	Documents
Institutional Data in Prescribed Format	View File

3.Academic

3.1
Number of courses in all programmes during the year:

125

File Description	Documents
------------------	-----------

3.2	
Number of full-time teachers during the year:	182
File Description	Documents
Institutional Data in Prescribed Format	View File
3.3	
Number of sanctioned posts for the year:	182
4.Institution	
4.1	
Number of seats earmarked for reserved categories as per GOI/State Government during the year:	1883
4.2	
Total number of Classrooms and Seminar halls	56
4.3	
Total number of computers on campus for academic purposes	1096
4.4	
Total expenditure, excluding salary, during the year (INR in Lakhs):	1552.47221

Part B
CURRICULAR ASPECTS
1.1 - Curriculum Design and Development
1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.
Keshav Memorial Institute of Technology, with its autonomous status, continuously updates its curriculum to meet the challenges posed by liberalization, globalization, and technological advancements.

The curriculum design follows the guidelines of AICTE and the affiliating JNTUH University, with a strong emphasis on Outcome-Based Education (OBE) principles. These include PEOs (Program Educational Objectives), POs (Program Outcomes), PSOs (Program Specific Outcomes), and COs (Course Outcomes) that are aligned with industry demands and societal needs.

KMIT strives for the holistic development of students, focusing on innovative thinking, problem-solving, and a scientific perspective while promoting extracurricular activities.Courses in Blockchain Technology, AI, Deep Learning, and Machine Learning are part of the curriculum to build a robust foundation in emerging technologies, ensuring that students are well-prepared for the ever-evolving job market.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability, and Human Values into the curriculum

Keshav Memorial Institute of Technology as an autonomous institution, is committed to the holistic development of its students by incorporating cross-cutting issues such as Professional Ethics, Gender Equality, Human Values, Environment and Sustainability into its curriculum. The institution ensures that these aspects are integrated seamlessly, preparing students to address global challenges with a sense of responsibility and social awareness.

The curriculum includes compulsory courses like Environmental Science, Gender Sensitization, Ethics in Professional Practice, and Human Values to deepen students' understanding of these critical areas. These courses aim to not only impart academic knowledge but also foster self-awareness, ethical behavior, and a sense of social responsibility.

The teaching methodology focuses on project-based learning, where students actively engage in research, community service, and projects that address social issues. This approach helps students understand the real-world implications of their work

Any additional information	View File
Number of seats filled against seats reserved (Data Template)	View File

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students’ learning levels and organises special programmes for both slow and advanced learners.

The institution adopts a comprehensive approach to support both slow and advanced learners by offering tailored strategies and resources to enhance their learning experience.

Supporting Slow Learners:

- 1. Identifying Slow Learners: Mentors regularly track the academic progress of their mentees.
- 2. Remedial Classes: Additional remedial classes are conducted for students who are struggling to grasp fundamental concepts.
- 3. Bridge Courses: For students entering with gaps in foundational knowledge (especially in mathematics and programming). These courses are aimed at strengthening their basic skills and preparing them for the core curriculum.
- 4. Additional Practice: Platforms like Tessellator and Tesseract are used to provide extra practice in subjects like programming and coding. Students are encouraged to solve problems on these platforms.
- 5. Learning Materials: Additional resources like notes, FAQs, MCQs, and model question papers are provided to help students reinforce their learning outside of regular classes.

Encouraging Advanced Learners:

- 1. Identifying Advanced Learners: Students who excel in their regular evaluations are identified and encouraged to participate in national and international events.
- 2. Skill Enrichment: Advanced learners are also encouraged to take leadership roles, such as being a part of the student council, which helps build their management and organizational skills.

2.2.2 - Student - Teacher (full-time) ratio

Year	Number of Students	Number of Teachers
18/01/2025	3529	182

File Description	Documents
Upload any additional information	View File

2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences:

The Project School, Finishing School, and Imagineering School at KMIT can be integrated into the student-centric methodologies as key elements that further enhance the learning experience:

Project School:

The Project School emphasizes Experiential Learning by encouraging students to work on real-time projects across various domains such as AI, machine learning, cloud computing, etc. Students actively apply theoretical knowledge to solve practical problems, thereby improving their critical thinking and problem-solving skills.

Finishing School:

The Finishing School aligns with Participative Learning, where students are provided with job-specific skills, professional development, and soft-skill training. It bridges the gap between academia and industry by preparing students for the professional world through workshops, mock interviews, and communication skill enhancement.

Imagineering School:

The Imagineering School promotes Problem-based Learning by fostering creativity and innovation among students. It encourages students to think beyond conventional solutions and explore entrepreneurial ventures, making them more adaptable to real-world challenges while honing their research and analytical skills.

These schools play a vital role in the overall development of students by blending academic learning with practical experience, professional development, and innovation.

File Description	Documents
Upload any additional information	View File
Link for additional Information	https://kmit.in/academics/tlevaluation.php

2.3.2 - Teachers use ICT-enabled tools including online resources for effective teaching and learning

At KMIT, we prioritize the integration of technology into education and have established advanced facilities for e-content development to enrich the learning experience. These facilities enable faculty to create, record, and distribute high-quality educational materials, enhancing teaching methodologies and catering to diverse learning styles.

The KMIT Studio serves as a specialized hub for e-content creation. It is equipped with cutting-edge tools and software for video production, graphic design, animation, and audio editing, empowering faculty to develop engaging and interactive resources such as instructional videos, tutorials, and multimedia presentations.

Key features of the KMIT Studio include:

- High-end computers with advanced multimedia editing software.
- Professional cameras and lighting setups for recording high-quality videos.
- Audio equipment for recording crisp voiceovers and podcasts.
- Dedicated workstations for graphic design and animation.
- Comprehensive editing and production setups for creating rich visual and audio content, with Wondershare Filmora as the preferred software for video editing.

The KMIT Studio fosters creativity and innovation, equipping faculty with the tools to produce impactful e-content. By leveraging this facility, the institution ensures a technology-driven learning environment that supports effective teaching and enhances the educational experience.

2.3.4 - Preparation and adherence to Academic Calendar and Teaching Plans by the institution

KMIT places a strong emphasis on quality enhancement in the teaching-learning process, which is ensured through the institution’s comprehensive Teaching and Learning Policy. The learning environment at KMIT is enriched by ICT-enabled teaching methodologies, adopted by 100% of the faculty members across all courses.

Faculty members effectively utilize advanced ICT tools, incorporating cutting-edge technologies to deliver lectures in classrooms and seminar halls. These tools include online resources, platforms like Google Classroom, and interactive learning systems such as Tessellator and Tesseract, which play a crucial role in facilitating real-time learning and continuous engagement with students. These platforms enable faculty to conduct quizzes, assign tasks, and provide immediate feedback.

To enhance the learning experience, faculty use audio-visual aids and resources from the National Programme on Technology Enhanced Learning (NPTEL), and relevant content is shared through high-quality e-materials such as unit-wise notes, MCQs, animations, lab programs, and model question papers. Students are encouraged to utilize these resources for both curriculum-based learning and self-paced study. Additionally, courses taken via NPTEL and similar platforms are eligible for credit transfer.

Tools such as Tessellator (LMS), Sanjaya App, Drona App, and Netra App are extensively used to facilitate seamless communication, conduct online classes, offer boot camps, and provide a platform for students to practice programming exercises at home. These applications collectively support KMIT's mission to foster a digitally enriched, interactive, and flexible learning environment for all students.

2.5.3 - IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution

At KMIT, the internal assessment system is designed to ensure fairness, transparency, and accuracy in evaluating students' performance. The assessment is spread throughout the academic year, with regular intervals including internal exams, quizzes, assignments, and presentations. Each assessment component, such as exams, assignments, projects, and class participation, carries a specific weight, which is clearly communicated to students at the start of the course. This helps students understand how each type of assessment impacts their final grade.

Transparency is maintained by clearly outlining the assessment criteria, grading rubrics, and expectations at the beginning of the course. The system is flexible and adjusts to meet the needs of different students, ensuring fairness and inclusivity for all.

Additionally, KMIT emphasizes timely and constructive feedback, allowing students to understand their strengths and areas for improvement after each assessment. This feedback is intended to be helpful, guiding students toward improvement and encouraging accountability in their learning. By providing consistent feedback and support, the assessment system at KMIT promotes continuous learning and academic growth.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students

At KMIT, the Programme Outcomes (POs), Programme Specific Outcomes (PSOs), and Course Outcomes (COs) are communicated to all relevant stakeholders, ensuring alignment with institutional goals and academic standards.

For Students:

- These outcomes are also accessible on the KMIT website for easy reference.
- Faculty share the syllabus, including POs, PSOs, and COs.
- Hard copies of the syllabus, including POs, PSOs, and COs, are readily available in departments for students to consult.
- During the induction program, incoming students are thoroughly briefed on the POs and PSOs to ensure they understand their relevance.

For Faculty:

- Faculty members are engaged in the process of drafting and revising the POs, PSOs, and COs during syllabus review, ensuring they have a clear understanding of their roles in achieving these outcomes.
- These outcomes are communicated through various channels, including orientation programs, faculty development initiatives, and departmental meetings, ensuring that all instructors are aligned and equipped to deliver quality education.

For Other Stakeholders:

- Alumni and employers are kept informed about the POs, PSOs, and COs via the college website, promoting transparency and industry alignment.
- Parents are introduced to the POs, PSOs, and the Outcome-Based Education (OBE) approach during orientation sessions and Parent-Teacher Meetings, ensuring they are well-informed and supportive of their child's academic path.

2.6.2 - Attainment of Programme Outcomes and Course Outcomes as evaluated by the institution

At KMIT, the attainment of Programme Outcomes (POs) and Course Outcomes (COs) is evaluated through a combination of formative and summative assessments such as quizzes, assignments, projects, and exams. Faculty assess student performance using predefined rubrics aligned with COs, and feedback is provided to guide improvement. POs are assessed by mapping COs to program goals, using tools like internal exams, projects, and industrial visits. Regular reviews of assessment data, student feedback, and faculty input ensure continuous improvement. The results are analyzed and shared with faculty, students, and stakeholders to ensure alignment with academic and industry standards.

2.7 - Student Satisfaction Survey	
2.7.1 - Student Satisfaction Survey (SSS) on overall institutional performance (Institution may design its own questionnaire). Results and details need to be provided as a weblink	
https://docs.google.com/spreadsheets/d/1rf5g_d4MA8nAiKr8VEzvpeZid47slrhNIzq2UmeX8UU/edit?usp=sharing	
RESEARCH, INNOVATIONS AND EXTENSION	
3.1 - Promotion of Research and Facilities	
3.1.1 - The institution’s research facilities are frequently updated and there is a well-defined policy for promotion of research which is uploaded on the institutional website and implemented	
The institution prioritizes fostering a robust research culture by frequently updating its research facilities to align with the latest advancements and industry standards. Cutting-edge infrastructure, such as the Udaan Lab, equipped with an A100 DGX server for high-performance computing, a state-of-the-art 3D printer for rapid prototyping, and advanced tools for AI and data science research, provides researchers with unparalleled capabilities to push the boundaries of innovation. Similarly, the Utkarsh Lab, dedicated to robotics, drones, and IoT devices, offers a specialized environment for hands-on experimentation in emerging technologies. A well-defined research promotion policy, available on the institutional website, provides clear guidelines and support mechanisms for faculty and students. This policy includes provisions for seed funding, collaboration with industry and academic partners, incentives for publishing in reputed journals, and opportunities for participation in national and international conferences. Additionally, the institution encourages interdisciplinary research to address complex, real-world problems. The policy is implemented through a dedicated research committee that oversees its execution, ensuring transparency and alignment with institutional goals. Regular workshops, seminars, and training programs are conducted to build research capacity and keep researchers informed about emerging trends and funding opportunities. By creating an environment conducive to inquiry and innovation, the institution promotes academic excellence while equipping researchers with the tools and knowledge to address global challenges.

3.3 - Innovation Ecosystem

3.3.1 - Institution has created an ecosystem for innovations and creation and transfer of knowledge supported by dedicated centres for research, entrepreneurship, community orientation, incubation, etc.

The institution has established a dynamic ecosystem for innovation, knowledge creation, and dissemination, supported by dedicated centers for research, entrepreneurship, community orientation, and incubation. The Imagineering School for Innovation and Incubation is a pivotal initiative, fostering creativity and enabling students and faculty to transform innovative ideas into impactful solutions. Facilities like the Udaan Lab, equipped with an A100 DGX server for high-performance computing and a 3D printer for rapid prototyping, and the Utkarsh Lab, focusing on robotics, drones, and IoT devices, offer cutting-edge resources for advanced research and development.

Strategic collaborations with industry leaders such as Vybe Consultancy and CII (Confederation of Indian Industry) further enhance the institution's innovation ecosystem. Memorandums of Understanding (MoUs) with these organizations and the Imagineering School provide students and startups with mentorship, industry insights, networking opportunities, and access to funding resources. Partnerships with platforms like T-Hub and the TiE Grad Association further expand entrepreneurial exposure.

The institution also hosts regular hackathons, innovation challenges, and workshops to promote problem-solving and creative thinking. Community outreach programs address societal challenges, reinforcing its commitment to inclusive growth.

This holistic ecosystem empowers students and faculty to drive technological advancements and societal progress, solidifying the institution's role as a hub for innovation and knowledge transfer.

3.6 - Extension Activities

3.6.1 - Extension activities carried out in the neighbourhood sensitising students to social issues for their holistic development, and the impact thereof during the year

NSS-KMIT actively engaged in various extension activities to sensitize students to social issues and promote holistic development. The Give and Grow initiative united the college community to support underprivileged families by donating essential items like rice, soaps, oil, and pulses, fostering compassion and responsibility. The Clean India Campaign saw volunteers organizing two cleaning drives, transforming spaces like the SHG building and Aliya Government School, contributing to community welfare and cleanliness.

NSS-KMIT also hosted a Health Camp and CPR Training Program in collaboration with the Young Men's Improvement Society, equipping volunteers with life-saving skills and promoting health awareness. The Golden Smiles event brought joy to elderly residents at Radhe Shyam Old Age Home, emphasizing compassion and respect for senior citizens. The Divyanga Samelana event, in collaboration with Saksham, focused on raising awareness about provisions for the differently-abled, engaging over 500 attendees.

The Swadesh Swavalambana event highlighted the importance of supporting Indian-made goods, inspiring national pride and economic awareness. Vanitha Rakshana empowered young women by teaching self-defense techniques, promoting confidence and safety. These initiatives underscore NSS-KMIT's commitment to social responsibility, community well-being, and personal empowerment.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching-learning, viz., classrooms, laboratories, computing equipments, etc.

Keshav Memorial Institute of Technology offers state-of-the-art infrastructure spread across 5 acres providing an eco-friendly and conducive learning environment. The campus includes spacious classrooms equipped with projectors, LAN/WIFI, and essential amenities, ensuring a comfortable learning experience. Laboratories are fully equipped with advanced instruments and devices to support practical learning and experiments, with additional equipment available for student projects.

The institution boasts three seminar halls and a large auditorium with a 1000 seating capacity, equipped with an LCD projector and public address system for events and presentations. Wifi connectivity is available in the auditorium for seamless digital interactions.

The central library offers an extensive collection of physical and digital resources, including access to the National Digital Library (NDL), SWAYAM, and NPTEL lecture videos, enhancing the learning experience.

Additionally, the campus features a large ground for basketball, throwball, and football, as well as an indoor badminton court, gym, promoting physical fitness and extracurricular activities. The institution's infrastructure is continuously upgraded to meet the evolving needs of students and faculty, ensuring a high-quality academic environment.

4.1.2 - The institution has adequate facilities for cultural activities, yoga, sports and games (indoor and outdoor) including gymnasium, yoga centre, auditorium etc.)

Keshav Memorial Institute of Technology (KMIT) offers a well-rounded environment with ample facilities for cultural, sports, games, and wellness activities, contributing to the overall development of students.

Cultural Activities:

- Cultural Clubs: Various student-run clubs organize music, dance, drama, and art exhibitions, encouraging creativity.
- Festival Celebrations: Festivals like Bathukamma, Dandiya Night, and Patang Utsav provide students with opportunities to immerse in cultural experiences.

Sports and Games:

- Badminton: One indoor and three outdoor courts.
- Basketball: A full-sized court.
- Table Tennis: Two tables for indoor play.
- Indoor Games: 10 chess boards and 6 carom boards for recreation.
- Football: A mini ground for practice and casual play.
- Volleyball: A well-maintained court for student activities.

Wellness and Fitness:

- Gymnasium: Fully equipped to promote physical fitness.
- Yoga Center: Dedicated space for yoga, supporting mental well-being.
- Student Activity Center: Promotes student engagement in extracurricular activities.

Auditorium: The large auditorium hosts events, performances, and seminars, further enriching students' experiences.

These facilities at KMIT ensure students have opportunities to excel academically, physically, and socially, fostering a balanced college experience.

4.2 - Library as a Learning Resource		
4.2.1 - Library is automated using Integrated Library Management System (ILMS)		
Keshav Memorial Institute of Technology (KMIT) has automated its library operations using an Integrated Library Management System (ILMS). The ILMS implementation has streamlined library processes, enhanced user experience, and improved overall efficiency. The Institute has Digital Library with 20 Terminals. Key Features: 1. Cataloging and Classification: ILMS allows for efficient cataloging and classification of library materials, ensuring easy access and retrieval. 2. Barcode Integration: Integration of barcode technology enables quick and accurate identification of library items. 3. Circulation Management: ILMS facilitates seamless circulation management, including issuing, renewing, and returning of library materials. 4. User Management: The system manages user information, including registration, membership, and fine calculation. Keshav Memorial Institute of Technology (KMIT) Library is operated by the Developing Library Network (DELNET), a leading library network in India. DELNET's involvement in KMIT Library operations adds significant value in terms of resource sharing, interlibrary loan services, and access to a vast collection of library materials. Key Features: 1. Resource Sharing: DELNET facilitates resource sharing among member libraries, allowing KMIT Library to access a wide range of materials beyond its collection. 2. Interlibrary Loan Services: Through DELNET, KMIT Library can request and borrow materials from other member libraries, enhancing its collection and offering to users. 3. Digital Resources: DELNET provides access to digital resources, including e-books, e-journals, and databases, enriching the library's digital collection. 4. Library Automation Support: DELNET offers support for library automation, helping KMIT Library streamline its operations and services.

4.3 - IT Infrastructure

4.3.1 - Institution has an IT policy covering Wi-Fi, cyber security, etc. and has allocated budget for updating its IT facilities

Keshav Memorial Institute of Technology (KMIT) has a comprehensive IT policy in place to ensure the smooth functioning of its technological infrastructure. This policy covers essential aspects such as Wi-Fi connectivity, cyber security, and the overall management of IT resources. The institute provides secure and fast Wi-Fi access across campus to facilitate seamless learning and research activities for students and faculty.

In line with its commitment to maintaining up-to-date technological resources, KMIT allocates a dedicated budget for the continuous enhancement and updating of its IT facilities. This includes upgrading hardware, software, and networking systems to meet the growing demands of digital education and research. Additionally, the institution prioritizes cyber security by implementing stringent measures to protect the privacy and data of its users, ensuring a safe digital environment.

By continuously investing in its IT infrastructure and adhering to its IT policy, KMIT ensures that students and faculty have access to modern tools and technologies that foster academic excellence and innovation.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - classrooms, laboratory, library, sports complex, computers, etc.

Keshav Memorial Institute of Technology (KMIT) has established robust systems and procedures for maintaining and utilizing its physical, academic, and support facilities. These facilities, including laboratories, libraries, sports facilities, computers, and classrooms, play a crucial role in providing students with a conducive learning environment.

Maintenance and utilization of Facilities:

1. **Laboratories:**Any faulty equipment is promptly repaired or replaced to minimize disruption to academic activities. Laboratories are utilized for practical sessions, research projects, and workshops. Faculty members schedule the use of laboratories to ensure that all students have access to the facilities.

2. **Library:** The library is managed by the Developing Library Network (DELNET), which maintains an extensive collection of books, journals, and digital resources. Library staff ensure thatresources are organized and accessible to students and faculty. Students and faculty members can borrow books and access online resources for their academic needs.

3. **Sports Facilities:** The sports facilities are maintained to high standards to support the physical well-being of students.The sports facilities are used for various sports and recreational activities. Students can participate in intercollegiate competitions and tournaments held at the facilities.

4. **Computers:** IT staff conduct regular maintenance to ensure smooth operation and minimize downtime.Computer labs are used for practical sessions, programming assignments, and online assessments. Students have access to computers for academic and research purposes.

5. Classrooms: Classrooms are equipped with modern teaching aids such as projectors and whiteboards. Maintenance staff ensure that classrooms are clean and well-maintained. Classrooms are used for lectures, seminars, and academic discussions.

5.3.2 - Presence of an active Student Council and representation of students in academic and administrative bodies/committees of the institution

Keshav Memorial Institute of Technology (KMIT) offers a range of student clubs that foster creativity, leadership, and skill development:

1. Mudra Dance Club: Focuses on dance performances and creativity.
2. Alap Singing Club: Provides opportunities for vocal training and singing events.
3. Vachan Anchoring Club: Helps students develop anchoring and presentation skills.
4. Abhinaya Drama Club: Encourages dramatization, acting, and play performances.
5. Riti Fashion Club: Offers a platform for students to explore fashion and styling.
6. Akarshan Decoration Club: Responsible for decorating campus spaces for events.
7. PR Club: Manages communication and publicity for institutional events.
8. OC Club: Coordinates logistics and operations for campus events.
9. Traces of Lenses Photography Club: Focuses on photography skills through workshops and exhibitions.
10. Recourse Coding Club: Promotes coding and programming through challenges and workshops.

These clubs are student-driven, contributing to a vibrant campus life and leadership opportunities. The Student Council ensures active representation and participation in academic and administrative bodies.

5.4 - Alumni Engagement

5.4.1 - The Alumni Association and its Chapters (registered and functional) contribute significantly to the development of the institution through financial and other support services

The Alumni Association of Keshav Memorial Institute of Technology (KMIT), also known as KMIT PARISHAD, serves as a dynamic platform for former students to stay connected with the institution and engage with current students. The association holds an annual meeting where alumni reconnect, share their professional journeys, reflect on their college memories, and discuss ways to contribute to the institution's growth.

KMIT actively invites alumni to conduct expert lectures, seminars, and workshops, enriching the academic experience for current students. Additionally, alumni participate in placement-related activities,

including pre-placement talks, where they share valuable insights about industry trends and career opportunities, helping students with career planning and job placements.

The alumni association also plays an instrumental role in fostering entrepreneurship by facilitating Memoranda of Understanding (MoUs) between alumni entrepreneurs and the institution. Their contributions extend to enhancing the teaching-learning process through expert sessions and offering guidance on project work, particularly in emerging technologies.

Alumni are also actively involved in the institution's Internal Quality Assurance Cell (IQAC), providing valuable suggestions to improve the overall quality of education. Their support for the Training and Placement Cell and participation in various college activities strengthens the ongoing efforts to prepare students for successful careers.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of an effective leadership in tune with the vision and mission of the Institution

The governance of Keshav Memorial Institute of Technology (KMIT) reflects a strong and effective leadership model that aligns with the institution's vision and mission. The leadership at KMIT fosters an environment of transparency, accountability, and collaborative decision-making, ensuring that all initiatives support the overall growth and development of the institution.

The leadership actively engages with stakeholders, including faculty, students, alumni, and industry partners, to ensure that the institution’s academic and co-curricular activities align with its mission of nurturing well-rounded, industry-ready graduates. The institution’s governance ensures that the policies and processes are in place to facilitate the smooth execution of academic programs, research initiatives, and community engagement activities, all while upholding high standards of quality and integrity.

Through effective leadership, KMIT continuously strives to enhance its infrastructure, faculty development programs, and student support systems, ensuring that the institution remains responsive to the changing educational landscape and meets the expectations of its students, parents, and the broader community.

File Description	Documents
Upload any additional information	View File
Paste link for additional Information	https://kmit.in/aboutus/aboutus.php

6.1.2 - Effective leadership is reflected in various institutional practices such as decentralization and participative management

Effective leadership in an institution is often demonstrated through decentralization and participative management. These practices empower individuals at all levels, fostering collaboration and innovation.

1. Decentralization: This involves distributing decision-making authority to various levels of the institution. By decentralizing, leaders allow department heads or teams to make decisions within their areas of responsibility, fostering a sense of ownership and accountability. It encourages responsiveness to local needs and enables quicker decision-making, as those closest to the issues have the power to act.
2. Participative Management: In participative management, leaders actively involve faculty, staff, and students in decision-making processes. By soliciting input and feedback from various stakeholders, leaders promote a culture of inclusion and transparency. This approach leads to better-informed decisions, as it incorporates diverse perspectives and expertise.

Together, these leadership practices help create an environment where individuals feel valued, contributing to higher morale, trust, and a stronger sense of community. When decision-making is shared, institutions benefit from increased collaboration, innovation, and a more engaged workforce, which ultimately enhances overall effectiveness and success.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ Perspective plan has been clearly articulated and implemented

An institution's Strategic or Perspective Plan outlines its long-term vision, goals, and the roadmap to achieve them. A well-articulated plan ensures that the institution has a clear direction, aligning all stakeholders with a unified purpose. It typically includes key objectives related to academic excellence, infrastructure development, research, student support, and community engagement.

For successful implementation, the plan is broken down into actionable steps, with defined timelines and responsibilities. Regular monitoring and evaluation processes ensure progress toward goals and allow for adjustments as needed. Effective communication channels are established to keep all members of the institution informed and involved, promoting a shared commitment to the plan.

The strategic plan also integrates feedback from internal and external stakeholders, such as faculty, students, industry partners, and accreditation bodies. This helps ensure that the plan remains relevant, responsive to emerging trends, and aligned with industry needs and societal expectations.

A robust strategic plan empowers the institution to adapt to challenges, capitalize on opportunities, and continuously improve. By clearly articulating and implementing the plan, the institution ensures sustainable growth, enhances its reputation, and supports the holistic development of students, faculty, and the community it serves.

6.2.2 - The functioning of the various institutional bodies is effective and efficient as visible from the policies, administrative set-up, appointment and service rules, procedures, etc.

The functioning of institutional bodies is critical to ensuring smooth operations and achieving the institution's goals. Effective and efficient functioning is reflected in the establishment and implementation of clear policies, a well-structured administrative setup, and transparent procedures.

The institution's policies guide decision-making, providing a framework for consistent and fair practices in areas such as academics, administration, student welfare, and resource management. Administrative bodies are organized in a way that fosters efficient communication, clear accountability, and streamlined workflows. The roles and responsibilities of key decision-makers, including heads of departments, faculty, and support staff, are well-defined to avoid ambiguity and ensure a coordinated approach to managing day-to-day operations.

Appointment and service rules are clearly outlined, ensuring that recruitment, promotions, and service conditions are conducted fairly and according to established norms. Procedures for grievance redressal,

performance evaluations, and feedback collection help maintain a transparent and responsive environment.

Regular reviews and audits are conducted to assess the functioning of these bodies and to make necessary improvements. This ensures that the institution operates effectively, maintains high standards of quality, and remains adaptable to change, ultimately benefiting students, staff, and other stakeholders.

6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has effective welfare measures for teaching and non-teaching staff and avenues for their career development/ progression

The institution has established comprehensive welfare measures for both teaching and non-teaching staff, ensuring their well-being and career development.

Welfare Measures:

- **Provident Fund (PF):** The institution ensures that both teaching and non-teaching staff have access to a well-managed provident fund scheme for financial security after retirement.
- **Medical Leaves:** Staff are entitled to medical leave, providing support during illness and ensuring their health is prioritized.
- **Paternity and Maternity Leaves:** The institution offers paternity and maternity leave to support staff members during significant life events, ensuring a work-life balance.
- **Employee State Insurance (ESI):** ESI benefits are provided, covering medical expenses and other health-related services for staff members.

- **Academic and On-Duty Leaves:** Teaching staff are granted academic leaves for research, conferences, or professional development, while non-teaching staff can avail of on-duty leave for official purposes.

Career Development and Progression:

- **Publication Incentives:** Staff are encouraged to engage in academic research, with incentives provided for published work in reputed journals.
- **Other Incentives:** The institution provides additional incentives for achievements in accreditations, performance, and institutional contributions.
- **Festival Advances:** Staff are given advances for festivals, supporting their personal and cultural needs.

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly

The institution conducts both internal and external financial audits regularly to ensure transparency, accountability, and effective financial management.

Internal Audits: Internal audits are conducted by the institution's internal audit team or an appointed external auditor who reviews the financial records, transactions, and operational processes. These audits help identify any discrepancies, inefficiencies, or areas for improvement in the financial management system. Internal audits also assess compliance with institutional policies and regulatory requirements, ensuring that funds are utilized appropriately and in line with the institution's goals.

External Audits: External audits are carried out by independent auditing firms or government agencies, providing an objective evaluation of the institution's financial health. These audits verify the accuracy of financial statements, ensure proper use of funds, and confirm adherence to legal and regulatory standards. The external audit process also reassures stakeholders, including government bodies, accrediting agencies, and donors, that the institution is managing its finances responsibly.

Both internal and external audits contribute to strengthening the institution's financial controls, minimizing risks, and ensuring the efficient use of resources. Regular audits help maintain stakeholder trust and support the institution's long-term financial sustainability.

6.4.3 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

The institution adopts several strategies for fund mobilization and optimal resource utilization to ensure sustainability and growth.

Mobilization of Funds:

1. Government Grants and Industry Collaborations: The institution actively seeks government funding, grants, and corporate sponsorships for research, development, and student programs.
2. Research Grants: The institution pursues national and international research grants to support faculty and student research initiatives.

Optimal Utilization of Resources:

1. Efficient Budgeting: Detailed budgeting ensures that resources are allocated effectively, with regular reviews to adapt to changing needs.
2. Cost-effective Infrastructure: Infrastructure projects are planned to maximize long-term value while minimizing costs.
3. Technology Integration: The institution leverages technology to streamline administrative functions, e-learning, and resource management, improving efficiency.

These strategies enable the institution to manage funds and resources efficiently, supporting academic growth, infrastructure development, and long-term sustainability.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing quality assurance strategies and processes visible in terms of incremental improvements made during the preceding year with regard to quality (in case of the First Cycle): Incremental improvements made during the preceding year with regard to quality and post-accreditation quality initiatives (Second and subsequent cycles)

In the institution's first cycle, the Internal Quality Assurance Cell (IQAC) has made significant strides in institutionalizing quality assurance strategies and processes, leading to notable improvements in academic and administrative functions.

Incremental Improvements during the First Cycle:

1. Curriculum and Pedagogical Enhancements: Regular feedback from students, faculty, and industry experts led to improvements in the curriculum. Teaching methods were upgraded through the incorporation of innovative approaches and technology-driven learning.
2. Assessment and Evaluation Systems: The IQAC streamlined the assessment process, ensuring greater transparency and alignment with learning outcomes. This included the introduction of formative assessments and a more structured grading system.
3. Faculty Development Programs: Focused initiatives for faculty training were introduced, enhancing their teaching capabilities, research skills, and use of modern educational tools.
4. Student Support and Engagement: The institution improved student support services, including counseling, career guidance, and academic mentoring, fostering a more student-centric approach.

These incremental improvements demonstrate the institution's commitment to continuous quality enhancement. The efforts made during the first cycle have laid a strong foundation for sustained quality assurance practices, ensuring the institution's growth and alignment with best practices in education. The IQAC continues to work towards further improvements, focusing on holistic development and institutional excellence.

6.5.2 - The institution reviews its teaching-learning process, structures and methodologies of operation and learning outcomes at periodic intervals through its IQAC as per norms

The institution, through its Internal Quality Assurance Cell (IQAC), reviews its teaching-learning processes, structures, and methodologies of operation regularly to ensure continuous improvement and alignment with educational standards.

Review Process:

1. Teaching-Learning Evaluation: At periodic intervals, the IQAC gathers feedback from students, faculty, and other stakeholders regarding the effectiveness of teaching methods, course content, and overall academic experience. This feedback is analyzed to identify areas for improvement and refinement.
2. Curriculum and Pedagogy Review: The institution reviews the curriculum and pedagogical approaches to ensure they are aligned with industry trends, technological advancements, and the evolving needs of students. Necessary adjustments are made to enhance learning outcomes and teaching effectiveness.

3. **Learning Outcomes Assessment:** The institution continuously evaluates the achievement of defined learning outcomes through assessments, projects, and examinations. This evaluation helps measure whether the desired knowledge, skills, and competencies are being imparted to students.
4. **Faculty and Staff Development:** The IQAC monitors and reviews faculty development programs, ensuring that educators are equipped with the latest teaching tools and methodologies. This process is aimed at enhancing the quality of instruction and overall student engagement.

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

KMIT has undertaken several initiatives to promote gender equity. One significant step is the introduction of Gender Sensitization as a mandatory course for all students.

KMIT also takes pride in empowering women within the institution by ensuring that all leading positions are held by women, including the Academic Director and the Principal. This reflects the institute's commitment to fostering women's leadership and creating a model of equity and inclusivity in governance.

To promote physical and mental well-being:

Gym facilities are made available for both men and women on alternate days. Yoga programs are conducted daily from 4:00 PM to 5:00 PM after college hours, encouraging students and staff to unwind and rejuvenate through mindfulness practices. Additionally, the Women’s Development Cell (WDC) at KMIT plays a pivotal role in addressing challenges faced by women employees and students. It actively organizes programs and workshops to empower women and create a supportive environment.

As part of its ongoing commitment to gender equity and women’s health, KMIT organizes special events such as:

International Women’s Day Celebrations Breast Cancer Screening Campaign To support students’ mental well-being, KMIT has made Mrs. Radhika, a professional psychologist, available on campus every Friday.

7.1.3 - Describe the facilities in the institution for the management of the following types of degradable and non-degradable waste (within a maximum of 200 words)

For non-degradable waste, KMIT focuses on segregation at source, ensuring that recyclable materials like plastics, paper, and metals are separated from other waste. The segregated waste is collected in dedicated bins and sent for recycling. The institution has set up recycling stations across the campus, encouraging students and staff to contribute to the recycling process.

Additionally, KMIT ensures that electronic waste (e-waste) is disposed of in an environmentally responsible manner. Collaborations with certified e-waste disposal vendors ensure proper recycling of electronic products and parts.

KMIT has partnered with Ramky Enviro Engineers for the collection and environmentally responsible disposal of e-waste. Through a Memorandum of Understanding (MoU) with Ramky Enviro Engineers, the institution ensures that all electronic waste generated on campus is properly collected, processed, and recycled. This collaboration helps prevent harmful e-waste from being improperly disposed of in landfills, ensuring that toxic substances do not harm the environment.

The partnership with Ramky Enviro Engineers supports KMIT's waste management strategy, which emphasizes sustainability and environmental protection. Students and staff are encouraged to contribute to proper e-waste disposal, furthering the institution's commitment to creating a cleaner and greener campus.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e. tolerance and harmony towards cultural, regional, linguistic, communal, socio-economic and other diversities (within a maximum of 200 words).

Keshav Memorial Institute of Technology actively promotes an inclusive environment through various cultural and national celebrations that encourage tolerance, harmony, and respect for diversity.

Cultural Celebrations: KMIT celebrated Bathukamma on 16th October 2023, where students from diverse backgrounds came together to participate in this traditional Telangana festival, fostering unity. The Patang Utsav was celebrated on 12th January 2024, where students engaged in kite flying, promoting cultural exchange. The Dandiya Night on 19th October 2023 brought students together through dance and music, celebrating the rich cultural heritage of India. Additionally, Varalakshmi Vratam will be celebrated on 9th August 2024, promoting spiritual diversity and participation in cultural rituals.

National Festivals: KMIT observes significant national holidays such as Independence Day (15th August) and Republic Day (26th January), where students unite to celebrate the nation's achievements and embrace its cultural, regional, and linguistic diversity.

Student Clubs and Activities: Various student clubs dedicated to music, dance, literature, and arts provide a platform for students to express and share their cultural identities.

Support for Socio-Economic Diversity: The institution provides scholarships and financial assistance to ensure equal access to education for students from diverse socio-economic backgrounds.

7.1.9 - Sensitization of students and employees of the institution to constitutional obligations: values, rights, duties and responsibilities of citizens:

KMIT is committed to sensitizing students and employees about their constitutional obligations, including the values, rights, duties, and responsibilities of citizens.

To ensure a comprehensive understanding of the Constitution of India, KMIT has introduced "Constitution of India" as a mandatory subject for all second-year students. This course aims to educate students about the fundamental principles of the Indian Constitution, including democratic values, human rights, and the importance of civic duties. The subject covers crucial topics such as fundamental rights, duties of citizens, and the structure of government, empowering students to become responsible and informed citizens.

KMIT also organizes awareness programs and activities to encourage a deeper understanding of the importance of the Constitution in everyday life. These initiatives foster a culture of respect for democratic values, helping students appreciate the significance of their role in upholding the Constitution’s principles in society.

The institution also observes Teacher’s Day and Engineer’s Day, recognizing the contributions of educators and professionals to society, while emphasizing their roles in upholding democratic values, responsibilities, and ethical conduct.

7.1.11 - Institution celebrates / organizes national and international commemorative days, events and festivals

Keshav Memorial Institute of Technology celebrates and organizes a wide range of national and international commemorative days, events, and festivals throughout the year to foster awareness, promote cultural diversity, and instill a sense of responsibility .

Key Celebrations and Events
Republic Day (26th January 2024) – Celebrating the adoption of the Indian Constitution and reinforcing the importance of democracy, rights, and civic duties.

Independence Day (15th August 2024) – Marking India's freedom from colonial rule, focusing on national unity and the importance of individual and collective responsibilities.

Teacher’s Day (5th September 2023) – Acknowledging the role of teachers in shaping responsible citizens, while emphasizing values such as respect, ethics, and responsibility.

Engineer’s Day (15th September 2023) – Celebrating the contributions of engineers to the nation's progress, encouraging innovation and professional responsibility.

Bathukamma Festival (16th October 2023) – Celebrating the Telangana cultural heritage, promoting unity and diversity.

Dandiya Night (19th October 2023) – Celebrating traditional dance and music, encouraging cultural expression and interaction.

Women’s Week (4th to 7th March 2024) – Celebrating women’s achievements and promoting gender equality through a variety of activities and events.

Varalakshmi Vratam (9th August 2024) – Celebrating spiritual and cultural traditions, promoting gender inclusivity and participation.

7.2 - Best Practices

7.2.1 - Provide the weblink on the Institutional website regarding the Best practices as per the prescribed format of NAAC

At KMIT, we are committed to fostering an inclusive and progressive academic environment that promotes holistic development. Below are the key best practices that align with the values of our institution, as per the NAAC guidelines:

Promotion of National and International Days

KMIT organizes and celebrates several national and international commemorative days such as Republic Day (26th January), Independence Day (15th August), Teacher’s Day (5th September), Engineer’s Day (15th September), Gandhi Jayanti (2nd October), and several others. Gender Sensitization and Women’s Empowerment

KMIT celebrates Women’s Week, with various events focused on women’s health, leadership, and empowerment, including activities such as a Breast Cancer Awareness Campaign (18th March) and Varalakshmi Vratam (9th August 2024). The institution also observes cultural festivals like Bathukamma, Dandiya Night, and Patang Utsav to promote gender inclusivity and harmony. Sustainability and Environmental Consciousness

7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

Keshav Memorial Institute of Technology (KMIT) excels in integrating innovative educational practices with a strong focus on industry readiness. The institution's distinctive priority lies in bridging the gap between theoretical knowledge and real-world applications, particularly through its Project School initiative. This initiative provides students with the opportunity to work on industry-relevant, real-time projects in emerging fields such as Artificial Intelligence, Machine Learning, IoT, Blockchain, and Cloud Computing.

In addition to academics, KMIT emphasizes gender equity and student well-being, creating an inclusive environment that nurtures leadership, critical thinking, and emotional intelligence. The institution celebrates events like Women’s Week, Breast Cancer Awareness Campaigns, and leadership workshops, empowering students and encouraging social responsibility.

With an autonomous curriculum, the focus is on holistic student development, preparing graduates for the challenges of the future. KMIT also ensures mental health support through counseling services and physical well-being programs such as yoga sessions and gym facilities.

KMIT’s commitment to environmental sustainability is evident through the installation of solar panels and energy-efficient LED lighting, promoting sustainable practices and energy conservation. These distinct efforts make KMIT a leader in producing industry-ready, socially responsible, and well-rounded individuals.

7.3.2 - Plan of action for the next academic year

KMIT is focused on enhancing academic quality, fostering student well-being, promoting inclusivity, ensuring sustainability, and boosting research initiatives in the upcoming academic year:

1. Academic Excellence & Industry Collaboration Curriculum Updates: Align with industry trends by incorporating feedback from experts and alumni. Research & Innovation: Increase research funding, encourage projects in AI, healthcare, and sustainability, and support patent filing to foster intellectual property creation. 2. Gender Equity & Inclusivity Women's Empowerment: Host leadership workshops and career development seminars for women students, focusing on mental well-being. 3. Sustainability & Infrastructure Green Initiatives: Expand solar energy and adopt sustainable waste management. Smart Campus: Enhance energy efficiency with sensor-based conservation systems and digitized learning platforms. 4. Alumni Engagement Strengthen alumni connections via Alumnx App and mentorship programs, providing career advice and industry insights. 5. Research & Patents Focus Foster innovation with resources, training, and financial support for research development and commercialization.
