External Academic & Administrative Audit Report

Academic year: 2021-2022

External Audit date : 15/07/2022

Auditor 1: Prof. P. Geopale Krishna
Dean Assessment & Accreditation
Gokarajula Rangarajulu Engineering & Tech
Hyderabad, PH: 9985874404

Auditor 2: Dr. J. Kishore Babu
Professor & Head of H & S
Gokarajula Lalabairathi Women Engg College
Hyderabad, PH: 9866444077

Scope and Purpose

The following report presents the findings of the external administrative and academic audit conducted at Keshav Memorial Institute of Technology (KMIT). The audit aimed to evaluate various aspects of academics, teaching-learning, evaluation, research and development, as well as co-curricular and extra-curricular activities within the institution. The audit was carried out in accordance with the established guidelines and standards.

The scope of the audit encompassed the following areas:

- Academics: Assessment of the curriculum, course delivery methods, and academic support services.
- Teaching-Learning: Evaluation of teaching methodologies, classroom interactions, and student engagement.
- Evaluation: Examination of assessment practices, examination systems, and feedback mechanisms.
- Research and Development: Analysis of research initiatives, facilities, and collaborations.
- Co-curricular and Extra-curricular Activities: Review of activities aimed at holistic development beyond the academic curriculum.
- The purpose of the audit was to identify strengths, weaknesses, and areas for improvement within the institution to enhance overall effectiveness and quality.

Dr. J. Kishore Babu

1. Academics:

Strengths:

Well-structured curriculum aligned with industry requirements.

Adequate academic resources including libraries, laboratories, and digital learning platforms.

Robust academic support services such as tutoring and counselling.

Weaknesses:

Limited flexibility in course offerings and elective choices.

Insufficient emphasis on interdisciplinary approaches.

2. Teaching-Learning:

Strengths:

Competent and experienced faculty members with relevant expertise.

Active engagement of students through interactive teaching methodologies.

Utilization of modern teaching aids and technologies.

opportunities for experiential learning and real-world applications.

Weaknesses:

Inconsistencies in the implementation of teaching strategies.

3. Research and Development:

Strengths:

Existence of research centres and collaborations with industry partners.

Efforts to promote interdisciplinary research.

Weaknesses:

Publication output of faculty members in reputable journals.

Limited participation of undergraduate students in research projects.

4. Co-curricular and Extra-curricular Activities:

Strengths:

Diverse range of activities promoting cultural, sports, and social engagement.

Active participation of students in clubs and societies.

Opportunities for leadership development and community service.

PJ

P. Hopale Krishna

Kishore
Dr. J. Kishore Babu

Weaknesses:

Inconsistent promotion and organization of activities across departments.

Recommendations

Based on the findings of the audit, the following recommendations are proposed for the improvement of Keshav Memorial Institute of Technology:

- Enhance curriculum flexibility and interdisciplinary approaches to cater to diverse student interests and industry demands.
- Foster a culture of innovation and practical application through experiential learning opportunities and industry collaborations.
- Implement a variety of assessment methods to assess student learning outcomes effectively and promote critical thinking skills.
- Increase investment in research infrastructure and incentivize faculty and student involvement in research activities.
- Strengthen support mechanisms for co-curricular and extra-curricular activities to promote holistic student development.

Conclusion

In conclusion, the audit findings provide valuable insights into the strengths and weaknesses of Keshav Memorial Institute of Technology across various domains. Addressing the identified areas for improvement will contribute to enhancing the quality of academic and administrative practices, ultimately fostering an environment conducive to holistic student development and excellence in education.

Acknowledgments:

We would like to express our appreciation to the staff for their cooperation and assistance during the audit process.

External Academic & Administrative Audit Report

Academic year: 2021-2022

External Audit date: 30/12/2022

Auditor 1: Prof P. Gopala Krishna
Dean, Assessment & Accreditation
Gokaraj Rangaraj Institute of Engg & Technology
ph. 99858 74464

Auditor 2: Dr. J. Kishore Babu
Professor & Head, Dept of H&L,
Gokaraj Lailavathi Womens Engg College
Hyderabad - ph. 98664 44077

Scope and Purpose

The purpose of this audit is to assess the administrative and academic functioning of Keshav Memorial Institute of Technology (KMIT) with a focus on various aspects including academics, teaching-learning evaluation, research and development, co-curricular, and extra-curricular activities. The audit aims to identify strengths, areas for improvement, and provide recommendations for enhancing overall effectiveness and quality.

Executive Summary

Keshav Memorial Institute of Technology (KMIT) has undergone a comprehensive external audit conducted by the Internal Quality Assurance Cell (IQAC). The audit focused on evaluating the administrative and academic processes across multiple domains including academics, teaching-learning methodologies, research and development initiatives, as well as co-curricular and extra-curricular activities.

Key Findings

• Academics:

1. The academic curriculum offered by KMIT is comprehensive and aligns well with industry standards.
2. Faculty members demonstrate proficiency in their respective domains and actively engage students in the learning process.
3. However, there is a need to enhance the practical application of theoretical knowledge through more hands-on experiences and industry collaborations.

PS
P. Gopala Krishna

J. Kishore Babu

Dr. J. Kishore Babu

- **Teaching-Learning Evaluation:**

1. The evaluation mechanisms are robust and fair, ensuring students' comprehension and retention of course material.
2. Continuous assessment methods such as quizzes, assignments, and projects are effectively utilized to gauge student progress.
3. Feedback mechanisms for both students and faculty need to be strengthened to foster a culture of open communication and improvement.

- **Research and Development:**

1. KMIT exhibits a commendable focus on research and development activities at Uttkarsh and Udaan Labs, with several ongoing projects and collaborations with industry partners.
2. However, there is a need to streamline the research process and encourage more interdisciplinary research initiatives among faculty and students.

- **Co-curricular and Extra-curricular Activities:**

1. The institute offers a wide range of co-curricular and extra-curricular activities, providing students with opportunities for holistic development.
2. Participation levels in these activities could be further enhanced through better promotion and incentivization.

Recommendations:

Enhanced Practical Exposure:

Introduce more hands-on learning opportunities, internships, and industry projects to bridge the gap between theoretical knowledge and practical application.

Strengthen Feedback Mechanisms:

Implement structured feedback mechanisms for students to provide input on course content, teaching methodologies, and overall learning experience.

Promotion of Co-curricular Activities:

Develop a comprehensive strategy to promote participation in co-curricular and extra-curricular activities, highlighting their significance in holistic development.

Recognize and reward outstanding achievements in these activities to incentivize participation.

J. Kishore
Dr. J. Kishore

Conclusion

The external audit of Keshav Memorial Institute of Technology highlights several areas of strength as well as opportunities for improvement across administrative and academic domains. By implementing the recommendations outlined in this report, KMIT can further enhance its quality of education, research output, and overall student experience, reaffirming its commitment to excellence in technical education.

This report serves as a guide for KMIT to initiate corrective measures and drive continuous improvement in line with its mission of providing quality education and fostering innovation and excellence.

Acknowledgments:

We would like to express our appreciation to the Management and staff for their cooperation and assistance during the audit process.
