

KESHAV MEMORIAL INSTITUTE OF TECHNOLOGY
(AN AUTONOMOUS INSTITUTION)

Accredited by NBA & NAAC, Approved by AICTE, Affiliated to JNTUH, Hyderabad

ANNUAL REPORT 23-24

ABOUT OUR INSTITUTION

- Established in year 2007
- An Autonomous Institute Accredited by NAAC & NBA
- **Is sponsored by Keshav Memorial Education Society (KMES)**, well known in Hyderabad, for the past 78 years, for running various educational institutions of repute.
- Approved by All India Council for Technical Education (AICTE), New Delhi, and **affiliated to Jawaharlal Nehru Technological University (JNTU), Hyderabad** and recognized by Govt. of Telangana.
- Promoted by Genesis Group, leaders in software development and training since 1992

Vision and Mission

KMIT envisions fostering holistic development among students by blending academic excellence with cultural enrichment. The institution's mission revolves around equipping students with the skills necessary for innovation, critical thinking, and real-world problem-solving.

Governing Body

S.No	Name	Designation	Signature
1	Sri. J. Narasimha Rao	President	
2	Dr. A.V. Subrahmanyam	Secretary	
3	Sri. L. Prabhakar Reddy	Treasurer	
4	Sri. Neil Gogte	Member	
5	Sri. S. Nitin	Member	
6	Sri. Abhishek Ganu	Member	
7	Dr. K. Venkateswara Rao	JNTUH University Nominee	
8	Sri. G. Giri Babu	State Government Nominee	
9	Prof. Pratosh Bansal	UGC Nominee	online
10	Dr. Jai Teerth Joshi	Programme Director, DRDL, Hyderabad.	online
11	Dr. K.Ramesh Reddy	Principal, GNITS, Hyderabad	
12	Deepa Ganu	Director Academics	
13	Ms. Sharmeela Chungi	Faculty Member	
14	Dr. Maheshwar Dutta	Principal (Ex-officio)	

Academic Council Members

Academic Council Members of KMIT:

S.No	Name	Signature
1.	Prof. B. L. Malleswari, Principal, KMIT.	
2.	Dr. K. Vijaya Kumar Reddy, Rector, Sr. Professor of ME, JNTUH UCESTH.	
3.	Dr. V. Venkateswara Reddy, Professor of CE, Director BICS, JNTUH UCESTH.	
4.	Dr. B. Ravindra Reddy, Director, ACA, Professor of Mathematics, JNTUH UCESTH.	
5.	Mr. Anurag Garg, Director, Experian.	
6.	Dr. Rohith Tapadia, MBBS, MD., PDC-Onychopathology, Tapadia Diagnostic Centre Pvt Ltd.	
7.	Prof. S. Sameen Fatima, Registrar, Anurag University.	
8.	Dr. T. Suneel Kumar, HoD-CSE, KMIT	
9.	Dr. G. Narender, HoD-IT, KMIT.	
10.	Dr. TVG Sridevi, HoD-CSE (AI&ML), KMIT.	
11.	Mr. K. Anil Kumar, HoD-CSE (DS), KMIT.	
12.	Dr. U. Balakrishna, HoD-H&S, KMIT.	
13.	Dr. S Udaya Laxmi, Controller of Examinations, KMIT.	
14.	Mr. Abhishek Ganu, Member Secretary, KMIT.	

Internal Quality Assurance Cell (IQAC)

S NO	NAME	SIGNATURE
1	Dr. B L MALLESWARI	
2	Mr. NITIN	
3	Mrs. DEEPA GANU	
4	Mrs. M ASHA JYOTHI	
5	Mrs. K L S SIRISHA	
6	Dr. NARENDAR	
7	Dr. SRIDEVI	
8	Mr. K ANIL KUMAR	
9	Mrs. RUPA	
10	Mr. UPENDAR	
11	Mr. U BALA KRISHNA

13	Mrs. SAVITHA RAMESH	
14	Mrs. P APARNA	
15	Dr. D KISHORE BABU	
16	Mrs. SHARADA MANI	

- **Autonomous Status:** Since 2020, KMIT has been autonomous, empowering faculty with complete freedom in curriculum design. Subject coordinators develop flexible curricula aligned with industry trends, adhering to guidelines from AICTE and JNTUH.
- **Outcome-Based Education (OBE):** The institution has implemented OBE elements such as PEOs, POs, PSOs, and COs to cater to both academic and industry demands.
- **Flexible Learning Opportunities:** Students can earn credits via MOOCs and online platforms like SWAYAM/NPTEL, with these credits eligible for transfer.

Curriculum Highlights

- Courses offered include Cloud Computing, Competitive Programming, Blockchain Technology, AI, Deep Learning, Natural Language Processing, and Big Data.
- Professional core, elective, and mandatory courses are designed for building strong foundations in advanced technologies.

Infrastructure and Facilities

IT Infrastructure

- Constantly updated IT facilities, including campus-wide Wi-Fi, ensure students and faculty have seamless access to digital resources.

Library and Learning Resources

- Operated by DELNET (Developing Library Network), KMIT Library provides an extensive collection of books, journals, and digital materials, fostering academic growth.

Laboratories and Classrooms

- Well-equipped laboratories and classrooms with state-of-the-art equipment support experiential learning.

Sports Facilities

- KMIT encourages physical well-being through robust sports infrastructure, promoting holistic student development.

Cultural and Extracurricular Activities

- KMIT celebrates the integration of art and culture with academic learning through events like Bathukamma, Dandiya Night, and Patang Utsav.
- Active student clubs nurture creativity and collaboration.

The institution strongly believes that cultural growth enhances academic achievements

Departments - Annual Student Intake

Branch	Sections	Students
Computer Science and Engineering CSE	07	448

Infrastructure @ KMIT campus

Infrastructure

- » **Land - 5.07 Acres**
- » **Built up Area - 16,000 sq mt**
- » **Total no. of Labs - 60**
- » **Smart Classrooms**
- » **Advanced Compute Infrastructure**
- » **Drawing Halls**
- » **Incubation Centers**
- » **Student Activity Center**
- » **Indoor Badminton Court**
- » **Common Rooms**
- » **Vending Machines**
- » **First Aid Room**
- » **Auditorium (900 seats)**
- » **Internet Connectivity - 1GB leased line**
- » **Secure LAN**
- » **CCTV Cameras**
- » **Fully equipped Library**
- » **Generators**
- » **Electric Transformer of Capacity 500K.V**
- » **Spacious Canteens**
- » **R.O. Mineral Water Plant**

Learning Frameworks

KMIT Group of Institutions

**University
Classes &
Labs**

**Foundation
School**

**Project
School**

**Finishing
School**

**Research /
Innovation
School**

**Accelerator
Program**

University Curriculum is delivered by the **Faculty** under the guidance of **Principal** and **Heads of the Departments**

Faculty is :

- **Highly Qualified and Experienced**
- **Appointed through rigorous selection process as per AICTE**
- **Ratified by JNTUH**
- **attends Continuous Faculty Development Programs**
- **New addition: Professors of Practice**

The TESSELLATOR logo is centered in the upper half of the slide. It consists of a small square icon with a geometric pattern to the left of the word "TESSELLATOR" in a bold, red, sans-serif font.

Core of Student Learning

**Continuous Student Monitoring
and online Performance Evaluation**

Teaching Learning Process

Core of Student Learning

Continuous Student Monitoring
and online Performance Evaluation

TESSERACT

Leveraging Technology for Efficient Education

Innovative, Immersive and Interactive Learning & Monitoring System

- Benefits for Students

- Freedom to learn at own pace
- Efficient use of classroom time
- Interactive Learning Experience
- Immediate Application of Knowledge
- Motivation through Milestones and Badges
- Feedback on Content and Programming Assignments

- Benefits for Teachers

- Customized Learning Materials
- Real-time Progress Tracking
- Improved Student Engagement
- Impart Quality Education

Online Classes for **KMIT** students through

- * Unforeseen circumstances : COVID19 , Rain Holidays,..etc
- * Special Classes
- * Programming assignments

Foundation School

Ms. Deepa Ganu
Director (Academics)

Profile :

Deepa Ganu, Academic Director of Keshav Memorial Institute of Technology, graduated B.Tech in ECE from Pune University and M.Tech in CSE from JNTU Hyderabad.

She started her career as a software professional with Teleparadigm Networks and worked in healthcare, telecommunications and finance sectors. She joined KMIT in 2008 to pursue her passion for teaching. She trained and shared her expertise with thousands of students who could excel and compete on various national and international platforms like Microsoft Imagine Cup, IBM's The Great Mind Challenge, Google Summer of Code, and Amazon Campus Mentorship Series. She conducted various corporate training Programmes for reputed campuses like Verizon, HP, CA Global , etc.

Foundation School – Need of the hour

Foundation School

- Coding is a DNA of any application.
- Coding is language of future and passport to a world of possibilities.
- Help you become a skilled employable software developer.
- Foundation School helps you learn how to code
 1. starting with basics of a programming language
 2. identifying a real time problem
 3. analyzing it
 4. building an optimal solution for it

Year	1 Semester	2 Semester
1 st	C programming	Python programming
2 nd	Java programming	Cuda programming

- Hands on training , code as you learn
- 2 hrs/day, thrice a week
- In-house developed Learning Management System
- Challenging real time problems
- Mentors would be present to help the students

Project School

Mr. Venkat Boinapalli
Director (Project School)

Profile :

Venkat Rao has over thirty years of corporate experience in engineering and IT industries both in US and India. He has worked and consulted at Apple, SAP, and Chevron.

He did his B.E. in ECE from O.U. and his Masters in USA. After his education and corporate stint in US he has returned to Hyderabad in 2006. He setup a product development center, Net.Orange, in Hyderabad - one of the first companies located in incubation center setup by Teleparadigm Ltd in Barkathpura. The first batch of KMIT students were hired by Net.Orange and that played a key role in its expansion. After Net.Orange he went through couple of mergers . He is currently excited to contribute to the growth of KMIT group of Institutions.

Project School started last year,
as one of the basic pillars of Learning

Why Project School ?

“ You can’t learn Swimming by reading a book “

- Application of concepts and tools learned in the classroom to real-world problems
- Helps in Critical Thinking and Problem Solving
- Encourages self-learning , resulting in in-depth knowledge
- Direct demonstration of the student capability
- Confidence to the students to face real world
- New Style Assessment of Student’s Skills by Recruiting companies

Students with 3-4 real-time projects in their resume are found to get High Salary packages

Project School

- Starts from First Semester of Second Year
- One project in different domain per semester
 - Design, prototype, develop, test and demo (web, mobile or gadget)
 - 12 or 18 students per project (2 to 3 teams of 6 each)
- Project Mentors:
 - Experienced instructors guide/coach - collaborative, experiential learning
- Project Areas:
 - Large Language Models (LLM), Visual Language Models (VLM), Health Care, Genomics, Finance Tech, Cloud Computing, IOT, Cyber Security, Blockchain
- Academic Coursework (half day):
 - Self paced learning and assessment on curated online content guided by experienced academic mentors

Project School Process Flow

Swatch Campus – Litter Detection And Reporting System

Imagineering School

Mr. Sudarsh.B.Lal

Director (Imagineering School)

Profile :

Sudarsh is a senior management professional with over 35+ years of experience in techno-management, strategy, planning and operations management. His last role was the Head of Global Sales Operations at Tech Mahindra. He is a graduate of IIM Bangalore

K-HUB INCUBATION FORUM

DREAM 2 DARE

Innovation & Entrepreneurship Center

Partnerships:

- T-HUB / TiE
- Tech Innovation Hubs (IIT Patna, IIT Tirupati)

Resources and Infrastructure

- State-of-the-art infra
- Prototyping facilities
- Dedicated workspaces

Mentorship and Guidance:

- Experienced mentors
- Industry experts
- Investors

IMAGINEERING SCHOOL

Building Innovation and Entrepreneurship Attitude:

- Innovation and Entrepreneurship Events
- Hackathons
- Internships with start-ups

Enhancing Innovation and Entrepreneurship Ability:

- Design Thinking – Creativity & Problem Solving, Ideation techniques
- Problem Canvas
- Ideation Process / MVP
- Business Model Canvas
- Basics of Accounting, Budgeting, Funding, Market Research
- Legal & Regulatory compliances
- IP & Patents

Finishing School

Mr. Rajendra Tapadia
Director (Finishing School)

Profile :

Rajendra Tapadia, BE (Osmania University) MS, (Arizona State University, USA)
An IT Professional with 33+ Years of experience in Software development and training.
Conducted training for 50000+ students and working professionals for over
2 decades. Corporate Trainer for 70+ software companies in India, USA, Ireland, Malaysia,
China etc.

Professor with KMIT since 8+ years managing the finishing school activities

Volunteer at Seva Free and Confidential Counseling Centre since 2009 and currently the
director since 4+ years.

Finishing School

.....Unique Industry Oriented program

Commences in First semester of Third Year

Forenoon session (9.00 am to 1.30 pm) : JNTUH classes

Afternoon session (2 pm to 4.30 pm) : Finishing School

Problem Solving skills

Algorithmic approach

Technology Skills

Python, C & DS, OOPS, Java, SQL, OS, SE, Software Testing

Micro Projects for Industry Orientation

Simulate real-life business problems and scenarios

Apply cutting edge technology tools and practices

Soft Skills

Aptitude, Verbal, Group Discussions,
Mock Interviews. Resume preparation

Finishing School

**Students are divided into batches
to impart skills, according to their learning needs**

Finishing School Process

A typical session includes the following :

- Conceptual coverage of topics
- Problem(s) discussion on topics covered
- MCQs on topics covered
- Students to solve the problems/MCQs

Finishing School

- Training on Java OCA is provided
- Company specific boot camps are conducted on a regular basis
- Shortlisted students undergo mock interviews
- Feedback on the interviews is provided

Investment for Research and Innovation at KMIT Group of Institutions

NVidia DGX Super Computer

- 480 TFLOPS (GPU FP16)
- 4 Tesla V100's
- 64 GB GPU RAM
- 256 GB Physical RAM.
- Data storage server with 154 TB

Digital Pathology Whole Slide Scanner

- Cancer Diagnosis using AI & ML
- Central Government Research Grant
- Student participation in development

UAV Hexacopter

- All up weight: 4 Kg
- Flight time: 30 min
- CC: NVidia AGX Board
- Full HD Video camera

UTTKARSH and UDAAN

- State-of-art customized research labs
- Paid internship
- Real time project experience
- Seeding Startups

Research, Innovation and Incubation

Partnering with T-HUB, Tech Innovation Hubs
Internal Mentoring

Professors of Practice

Dr Anand M Tapas
Scientist 'G' ,Group Director, DRDO
(Retd)

Dr Koppaka Venugopal Rao
Scientist 'G', Group Director, Urban
Studies & Geo Informatics. NRSC, ISRO
(Retd)

Dr A. Ravi Kumar,
Scientist 'E', Image Analysis and
Interpretation Group, Applications,
NRSC, ISRO (Retd)

Research Projects - Defence

Lab & Division	Project Title & Description	Cost	Duration	Result
RCI, DNEC	Template based Instant Object Detection using Deep Learning Techniques - Using Scale, Height and Type invariant matching - GPU solution uses Nvidia TensorRT, CuDNN, TensorFlow	9.85 Lacs	6 months	Completed Successfully
DRDL	Training: AI & ML at the Edge, GPU Programming - Python Refresher, Statistical and Exploratory Data Analysis - Deep Learning, ANN, CNN, RNN - CUDA – GPU Programming, Implementation of ANN and CNN on GPU using CUDA	9.85 Lacs	3 months	Completed Successfully
DRDL, DOCD	Porting proprietary Compressible Euler-Reynolds Averaged Navier Stokes (CERANS) to Multi-GPU (1) Preprocessor (2) CERANS (3) GRID solver GUI development for automation of simulation	19.98 Lacs	18 months	In Progress
DRDL	Damage Prediction and Propagation Estimation of sub-systems of an Aircraft Engine - Telemetry Data Analysis both offline and real-time - Material and Warehouse Environment Data Analysis - Predictive Analysis Tool to improve shelf life and design of components	9.9 Lacs	6 months	In Progress

Research Projects – Remote Sensing

Lab & Division	Project Title & Description	Cost	Duration	Result
NRSC	Development of Deep Learning Framework for Auto Quality Certification of all IRS Optical Satellite Images - Radiometric - Stripe Noise, Data Loss, Line Loss, Pixel Drop Out (PDO) / Salt-pepper Noise - Geometric Accuracy, Sidelap / Overlap, Radiometric Imbalance - Blurred Noise, Band to Band mis-registration - Artifacts - Streaking (Glaring) ,Ghost Patterns, Saturation	19.03 Lacs	18 months	In Progress
NRSC	Urban Object Detection using UAV Remote Sensing - Economical solution for - Urban planning - Infrastructure development planning and monitoring - Identification of illegal constructions, green spaces/ trees and - Slum management require a location-based inventory <i>* AMRUT 2.0 : Atal Mission for Rejuvenation And Urban Transformation</i>	19.95 Lacs	24 months	In Progress

Companies who Visited KMIT / NGIT

KMIT GLOBAL PLACEMENTS

Company	Name	Acad. Year	Annual Salary	
Amazon , Dublin	Sreelaya Vuyyuru	2022 - 23	154,300 Euro (INR 1,230,000)	
J P Morgan , Glasgow (UK)	Balasubramanyam Karri	2021 - 22	37,000 Pounds (INR 3,437,000)	
Amazon , Berlin	Haripriya Darjilla	2020 - 21	107,000 Euro (INR 8,560,000)	

Accelerator Program

- Free admission into the program
- Dedicated facility for Accelerator program
- Enhanced skills training (Full-time program)
 - **AI & ML**
 - **FSD,...etc**
 - **Real-time projects**
 - **Soft skills**
- Dedicated Placement Cell for the program
- Students are expected to find employment within one year.

International Finishing School

Procareer Academy, Los Angeles, USA

- **Full Stack Development**
 - 440 hour program
 - The training included modules on
 - Python (40 hrs)
 - JavaScript and Data Structures (180 hrs)
 - Full Stack: Front-End and Back-End Development (180 hrs)
 - Cloud Deployment (40 hrs)
- **Cyber Security**
 - starting in October, 2023

International Finishing School

Blue Sky Coding, Accra, Ghana

Summer of Tech

A 5-week, 75 hour, summer program

Modules offered :

- Python (30 hours),
- Web Development (15 hours),
- Artificial Intelligence and Machine Learning (AIML) (15 hours),
- and Internet of Things (IoT) (15 hours)

International Finishing School

B.Tech @ KMIT

Unique **Educational Apps** developed by
Teleparadigm Networks and students

KMIT – SANJAYA

KMIT – NETRA

KMIT – DRONA

KMIT – ANKUR
